**B. J. Summer's Guide to Coca-cola** Sep 16 2021 Our newly updated B.J. Summers' Guide to Coca-Cola will prove that lightning can and does strike twice in the same location. This new encyclopedia of Coca-Cola collectibles will disappear from the book shelves faster than a cold Coke on a hot summer day. It has new chapters that deal with Coca-Cola club collectibles, as well as hundreds of new photos, and of course more snippets of information distributed at key locations throughout the book. It remains the easiest value guide to use on the market for both beginning and advanced collectors. All prices are keyed so the source of each price is quickly determined, allowing the reader to become an informed collector. Many collectible markets have fallen over the years but the Coke market is still holding strong. Another 'must have' for the beginning and advanced collector from expert author B.J. Summers.

*A Source Book for Rule Collectors* Aug 03 2020 Rule collectors rejoice! In *A Source Book for Rule Collectors* and its companion *Concordance and Value Guide*, Philip Stanley has crafted a masterfully comprehensive, beautifully illustrated reference guide to measuring instruments covering their history, use, and value. *A Source Book for Rule Collectors* includes: Selected reprints of the best articles of the last 100 years dealing with rules and measurement; An extensive discussion of the materials, construction, graduations and uses of rules; A detailed table of the European measures used before the metric system, allowing the identification of rules by the size of their graduations as to their county of origin; A thorough cataloging of the many types of rule accessories offered over the years; A complete bibliography of reprints, articles, books, and publications dealing with measuring instruments. The *Concordance and Value Guide* contributes: Complete information identifying and comparing all rules made by all major American makers, allowing the identification of an unmarked rule as to its maker and rule number; Estimates for each rule's value as a function of condition and maker; Extensive information regarding the factors affecting rule value, including condition, selling environment, charisma.. These books are not only an

essential reference set, but a pleasure to read as well. Mr. Stanley's breadth of knowledge and his regard for the rules he discusses are apparent throughout. For an antique tool dealer, a rule collector, or a student of the history of technology, these books will be essential.

**Kovels' Antiques and Collectibles Price Guide 2022** Oct 25 2019 The 2022 Kovels' Antiques and Collectibles Price Guide is the most complete and best-illustrated price guide available -- with 11,500 listings and more than 3,000 full-color photographs -- from the most trusted name in the industry. The Kovels are the most trusted source for both the casual and expert collector. With 11,500 actual prices and 3,000 full-color photographs, the guide also features exceptionally well-organized, wide-ranging, and up-to-the-minute information, and includes more tips, marks, logos, and photographs than any other competitive title. Kovels' is the only guide with prices based on actual sales from the previous calendar year, never estimates. Unlike other guides, which focus almost exclusively on English or high-priced items, Kovels' covers all American and international items and includes reasonably-priced goods. The book is organized by categories most sought-after by collectors, including depression glass, dolls, jewelry, furniture, porcelain, and sports memorabilia. Indexes, cross-references, and expert commentary throughout empower readers to collect with confidence and price their own antiques.

*Fisher-Price* Jul 14 2021 Features over 150 toys made from 1931 to the present day, as well as detailed information on over 3,000 toys, including toy names alphabetical by year, toy identification numbers, number of years made, special remarks and a value range from good to mint condition. **How to Price** May 24 2022 Over the past four decades, business and academic economists, operations researchers, marketing scientists, and consulting firms have increased their interest and research on pricing and revenue management. This book attempts to introduce the reader to a wide variety of their research results on pricing techniques in a unified, systematic way and at varying levels of difficulty. The book contains a large number of exercises and solutions and therefore can serve as a main or supplementary course textbook, as well as a reference guidebook for pricing consultants, managers, industrial engineers, and writers of pricing software applications. Despite a moderate technical orientation, the book is accessible to readers with a limited knowledge in these fields as well as to readers who have had more training in economics. Most pricing models are first demonstrated by numerical and calculus-free examples and then extended for more technically-oriented readers.

**The Value of You** Jun 25 2022 Where are you going? Where have you been? What are you doing about it NOW? As you think through these questions, I encourage you to make your move and reclaim the life you've always dreamed about. It's yours if you really want it. But you'll need more than just a burning desire. You'll need a game plan that is built on a rock-solid foundation of core values. Values lead us toward the journey of our destiny. Our generation has lost its way. In the fast-paced, instant-gratification world we live in, we've lost our direction. Values provide us direction, leading us to bold new opportunities and life-changing relationships. Values like confidence, faith, courage and hard work are key to living life on your terms. Know this my friend-it's not only about the end goal. It's the journey you take to get there. Because it is the journey that defines us in the end. The Value of You is a journey into the core values that give light to our human experience. Values lead us to interior freedom, peace of mind, happiness and success. Every chapter contains a value that is filled with creative stories of famous people like J.K. Rowling, Simone Biles, Captain Charles "Sully" Sullenberger and Amy Schumer, as well as lesser known, yet remarkable heroes such as Dr. Liviu Librescu, Chris Singleton and Welles Crowther. Each value has a description of its core features, as well as obstacles to living the value, results of living the value and a personal game plan with practical guidance to help you make the value your own. We live in an ever-changing world with adversity and challenges. Values are the constant that position us for happiness and success. Values are a way of life. Start your journey today!

**British Antique Furniture** Jul 26 2022 A classic guide to the valuation of antique furniture that explains what to look for when assessing the value of individual pieces. This third edition includes both Sterling and US dollar prices and features colour photographs, which have been added in order to illustrate the financial importance of patination and colour. The author sets out to provide an understanding of the rules and prejudices which apply, while training the reader's eye to become aware of gradations of quality. This is a reference for the practising collector and dealer from which the memory may be refreshed and points checked.

**The Price Guide to Antique Silver** Oct 29 2022 Antique silver is one of the oldest and best loved collecting subjects. At the top end of the quality scale, the work that went into making a fine piece was of an extremely high order. However, the majority of silver was used in the middle levels of British society and the collector has clearly to understand the varying qualities of production that he encounters if he is to buy well and avoid inferior pieces.

**Executive's Guide to Fair Value** Jan 20 2022

**Praise for Executive's Guide to Fair Value: Profiting from the New Valuation Rules** "The advent of fair value reporting is not your Momma's (or your Papa's) kind of accounting. If you're a financial professional above the age of twenty-five who is working in industry, read this book. From choosing a fair value specialist to the perils of 'made as instructed' valuations to purchase price allocations to impairment testing to that SEC tripwire, customer relationships, fair value expert Al King gets it right. And he does so with neither jargon nor literary anesthesia. As a former CFO myself, all I can say is WOW!" -Warren D. Vintage Fabrics Oct 17 2021 Vintage Fabrics is an identification and pictorial guide to common vintage fabrics of all fibers from 1880 to 1959, with emphasis on history and origins of fabrics, construction, and how fabrics were used for home and fashion. Including vintage advertisements and more than 450 photographs, this handbook fills a void in fabric information. Charts, glossaries, and photos are extended to include a wider range of cotton, silks, and wools, plus early rayons and nylons, with their specific names, which are not featured in most general books on old fabrics. Further identification covers weave construction, with enlarged surface views of most fabrics, burn tests, microscope views of fibers including rayon and nylon, and information on distinguishing certain look-alike fabrics from dotted Swiss. Secondary history includes cross sections and synopses of mill histories, brand names, and finishes, plus a photo story of the textile process. Also included is a price guide, possibly the first time in print, for yardage of old fabrics. This quick reference handbook will benefit textile collectors in all fields, appraisers, dealers, costumers and reenactors, textile and fashion students, and seamstresses.

**The Price Guide to the Occult** Dec 19 2021 From the author of The Strange and Beautiful Sorrows of Ava Lavender comes a haunting maelstrom of magic and murder in the lush, moody Pacific Northwest. When Rona Blackburn landed on Anathema Island more than a century ago, her otherworldly skills might have benefited friendlier neighbors. Guilt and fear instead led the island's original eight settlers to burn "the witch" out of her home. So Rona cursed them. Fast-forward one hundred-some years: All Nor Blackburn wants is to live an unremarkable teenage life. She has reason to hope: First, her supernatural powers, if they can be called that, are unexceptional. Second, her love life is nonexistent, which means she might escape the other perverse side effect of the matriarch's backfiring curse, too. But then a mysterious book comes out, promising to cast any spell for the right price. Nor senses a storm coming and is pretty sure she'll be smack in the eye of it. In her second novel, Leslye Walton spins a dark, mesmerizing tale of a girl stumbling along the path toward self-acceptance and first love, even as the Price Guide's malevolent author — Nor's own mother — looms and threatens to strangle any hope for happiness.
