The Jimmy Choo Story Mar 03 2020 Previously titled- The Towering World of Jimmy Choo Jimmy Choo was a London shoemaker with clients including Princess Diana when Tamara Year dye, a London society girl, convinced him to launch a factory-produced luxury shoe line. Twelve years later, Jimmy Choo is a household name, and Tamara still presides over what is now one of the most successful luxury brands in the world - worth some 220 million pounds. She has become one of the best-known business women in the country, but along the way she was tested at every turn. The story of how the Jimmy Choo brand got to where it is today is one of love, controversy, fashion, finance, celebrity, power, intrigue and, above all, intense ambition.

Strange Pilgrimages Dec 12 2020 This fascinating collection of essays and articles shows how Latin Americans travels and residency abroad helped them re-examine their own origins and perceptions of their homeland. Latin Americans traveled both purposefully and frequently in the nineteenth and twentieth centuries. Strange Pilgrimages reveals their experiences in Europe and the United States, and explores their power to shape opinions and bring outside influence back to Latin America. This new book analyzes Latin Americans; longstanding attraction to and interest in other cultures as barometers of their own progress. In addition, Strange Pilgrimages examines the invention of tradition, cultural practice, and identity formation among nation-states. A combination of articles and primary sources provides readers with both informed analysis of the experiences of Latin American travellers and entertaining first-hand accounts from the travellers and exiles themselves. These travellers were a diverse group that included artists, diplomats, political exiles, athletes, dilettantes, and more. Readers will learn that Latin Americans came to understand their homelands better and in fact helped to define their own countries; identities through their experiences traveling and living abroad.

The Towering World of Jimmy Choo May 17 2021 The Towering World of Jimmy Choo is Sex and the City meets Barbarians at the Gate: the story of a London society girl named Tamara Mellon who launched one of the most talked about luxury brands in the world. More than simply a well-told tale of glamorous, troubled people, The Towering World of Jimmy Choo taps into America's seemingly insatiable appetite for luxury goods and examines an industry that has experienced explosive growth in just the past decade. Compelling to followers of both fashion and business, The Towering World of Jimmy Choo takes readers into a complex, rarified world as only seasoned financial journalist, Lauren Goldstein Crowe, and leading luxury goods equity analyst, Sagra Maceria de Rosen, can tell it. Millions of people now work in fashion, read the magazines and follow the key players--even if they can't afford the clothes. The story of how the Jimmy Choo brand got to where it is today is one of love, hate, sex, drugs, celebrity, power, money, intrigue and ambition. And every word of it is true.

Catalogue of Palaeartic Coleoptera Jan 31 2020 This is the sixth volume of a comprehensive series which covers about 100,000 species of Coleoptera known to occur in the Palaeartic Region. The information provided for each species is as follows:

primary taxonomic information of all available names in the genus and species levels published by the end of 1999; the taxonomic information below subfamily, organized alphabetically; and the type species of genera and subgenera, including synonyms.

Distributional data of species and subspecies is given per country. Detailed distributional information for strict endemics is provided, and introduced species are indicated. The series is a collective work of about one hundred coleopterists from Europe, Japan, America, and Australia.
