**Big 4 Accounting Firms Interview Questions** Jul 31 2022 Need help with Big 4 Interview Questions? The most important part of the big 4 interview process is...confidence. How can you get confidence? You can gain access to the questions that you will be asked, and you can also learn how to answer those questions. Imagine walking into a big 4 interview and knowing the type of questions that you will be asked and how to answer them? Wouldn't that feel amazing? That's what the Big 4 Interview Questions book offers. Blow the big 4 recruiters and big 4 partners that you interview with away with your confidence and knowledge after you read this book. We've made the questions in our interview book so thorough so that you won't stumble on any questions on your big 4 interviews. Brought to you by the team behind the Amazon ebook -- The Big 4 Accounting Firms Recruiting Guide We are a team of Certified Public Accountants ("CPA's") who work at the Big Four (Pricewaterhousecoopers, KPMG, Ernst & Young or Deloitte). We all have at least 8 years of Big 4 experience. This book offers: ? questions that you can ask your big 4 recruiter ? questions that you can ask your big 4 partner ? a free resume template at the end of the book. ? over 30 interview questions and answers to help you get ready This book will help you shed your fear of not having enough knowledge about the big 4 interview process and how the big 4 operate. You don't need to know every single thing about how the big 4 operate, but we focus you in on the key simple areas that will 10X your chances of being one of the top big 4 candidates. The format of the book is to first provide you with the question that will be asked in the interview. Then we provide the reason around why the big 4 ask that question. Then we give what a bad answer would be to the questions, and what a good answer would be. The reason we formatted the book this way is to help you understand the types of questions that you will be asked and why you are being asked those questions. There are too many times where I have interviewed candidates, and they answered with an inappropriate answer. They didn't respond inappropriately because they are stupid or bad people. They responded inappropriately because they didn't practice or no one taught them how to interview. There are several categories that the big four public accounting firms like EY, Deloitte, PwC and KPMG test you on when they interview you. We try to cover as many of the categories as possible in this book. The big 4 interview questions are split into these categories. The skills that the top 4 accounting firms will test you on are: 1. Ability to face change 2. Ability to learn on the job 3. Your courage and integrity 4. Your client relationship skills 5. Can you build and sustain relationships? 6. Can you coach others? These and many other categories are covered in the big 4 interview questions books. We categorize our questions to help you think about your answers in a more thoughtful manner. Big 4 Accounting Firms Interview Questions will help you understand the: ? PwC interview questions and answers ? KPMG interview questions and answers ? EY interview questions and answers ? Deloitte interview questions and answers Don't forget to use the Look Inside feature to get a preview of what our book has to offer including a Free Big 4 Accounting Resume Template. You might also have a negative mindset that you feel like you can't shake. We have some tips on how to stay positive throughout the recruiting process. Even if you aren't a positive person, we tell you how to come off to Big 4 professionals as a positive individual.

**Financial Accounting with Microsoft D365 ERP** May 17 2021 Part I: ABC of Accounting This part is about fundamentals of finance and accounting. I started studying finance and accounting in school in grade 11 (in 1998) and it took me 5 years to understand it in the right context. I have jotted down the basics of accounting here to a dead simple way: Why your business is different from you? Why are most people confused with debit and credit? How golden rules of accounting are taught in schools and universities? How accounting process works behind the scenes? (With no automation) Best practices for designing chart of accounts IFRS and International Accounting Standards I highly recommend reading this part in detail if you have not read finance & accounting during your university time. This part is building block of this book. Part II: Accounting with D365 ERP I recommend this for all D365 consultants, D365 finance users and the new graduates who want to start their D365 career. It is my promise you will not regret spending time on these 5 chapters. This part deals with specific accounting with D365 ERP (Finance & Operations). You can also use it as a 'cheat sheet' also while configuring the

accounting of D365 and there is nothing wrong with that. If you already know little bit of finance, this section will make you more confident with core accounting of D365 ERP. There is a beautiful link between D365 accounting and Golden Rules of accounting (which you read in Part I) How Microsoft D365 handles accounting for procurement, sales, assets, general ledger, forex, inter-company? How the posting works in D365 (which is different from manual accounting system and differs in each ERP) There are some tips and tricks with every chapter which makes this book unique. IFRS and IAS references at the relevant places. Part III: Financial Statements and Ratio Analysis It is a bonus chapter in this book. As you know I am a fan of Warren Buffett and cannot miss financial statements and ratio when we talk about finance and accounting. This part deals with Profit & Loss, Balance Sheet, Cash Flow etc. and recommend which section and ratio are most important while you want to do a quick health check of a company. I recommend this for everyone even if you don't want to know about debit-credit or D365. It will make you little more intelligent in reading financials of an organization. Note- This book is first in the series of two books. There will be some advance topics in the next book e.g., revenue recognition, project accounting, lease accounting, landed costing and manufacturing etc.
