**Transforming Literacy: Changing Lives Through Reading and Writing** Jun 25 2019 The book is interdisciplinary in focus and centers on enlarging teachers understanding of how reading and writing can change lives and how the language arts can contribute significantly to and change educational processes in the twenty-first century. Implicit in its argument is that although the emphasis on science and math is crucial to education in the digital edge, it remains vitally important to keep reading and writing, language and story, at the heart of the educational process. This is particularly true in a democratic society because shaping stories through human language can enhance the quality of our lives, and teach us something important about what it means to be human and vulnerable. In this sense, stories allow for self-reflection and an increased opportunity to enhance and understand emotional intelligence and human community.

**The Leader in Me** Sep 28 2019 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

She carefully outlines each step of the process so that readers will be able to create and sustain literacy leadership teams at their own schools. Craig provides insights and tools designed to bring teachers, administrators, and other members of the school community together to set and achieve goals for improving student achievement in literacy.

**Leadership and Literacy** Oct 22 2021 This book focuses on what school leaders need to know and understand about leadership for learning, and for learning to read in particular. It brings together theory, research and practice on leadership for literacy. The book reports on the findings from six studies that followed school principals from their involvement in a professional learning program consisting of five modules on leadership and the teaching of reading, to implementation action in their schools. It describes how they applied a range of strategies to create leadership partnerships with their teachers, pursuing eight related dimensions from a Leadership for Learning framework or blueprint. The early chapters of the book feature the use of practical tools as a focus for leadership activity. These chapters consider, for example, how principals and teachers can develop deeper understandings of their schools' contexts; how professional discussions can be conducted with a process called 'disciplined dialogue'; and how principals might encourage approaches to shared leadership with their teachers. The overall findings presented in this book emphasise five positive positions on leadership for learning to read: the importance of an agreed moral purpose; sharing leadership for improvement; understanding what learning to read involves; implementing and evaluating reading interventions; and recognising the need for support for leaders' learning on-the-job.

**The Literacy Leader's Toolkit** Oct 02 2022 A complete tried-and-tested tool for improving literacy across the curriculum.

**EBOOK: Leadership in Early Childhood** Mar 03 2020 Leadership in Early Childhood is a practical resource for early childhood practitioners who want to understand how to create successful childcare and early education settings. Leadership in the early years has moved on in the way it is organised, and this fourth edition has been fully revised and updated to reflect the changes affecting leaders in early childhood. This rapid change in the field over the past few years includes moves to professionalise the workforce generally, and this edition recognizes the implications of these developments and revisits some of the concepts and messages. Praised for its excellent overview of early years leadership, accessible writing style and clear links between theory and practice, the fourth edition also includes: Thorough discussion of the leader's role in moving towards leading/best practice. Reconceptualised coverage of team building to consider working collaboratively as a team at service level, multi disciplinary teams and integrated service provision through multi agency working. A chapter which considers the essential characteristics of leadership in terms of personal qualities, skills and timing related to effective leadership.

*Becoming a Literacy Leader* Nov 03 2022 The first edition of *Becoming a Literacy Leader* chronicled Jennifer's work as she moved to a new school and a new job as a literacy specialist and found herself tackling everything from teacher study groups to state-mandated assessment plans. The new edition of her book is a thoughtful, reflective evolution of her work as she rethinks how her identity and role as a literacy leader have evolved in the ten years since she wrote the first edition. She focuses on three ideas to describe her work: the concept of layered leadership, shared experiences in making meaning together, and the importance of rowing in the same direction as a school community. Jennifer firmly believes that teachers know what they need when it comes to professional development, and she describes the layers of support that coaches can implement within a school, including in-class support, curriculum support and assessment, study group facilitation, and the cultivation of teacher leadership. She provides an explicit framework for implementing these layers of coaching and explains how administrators can use the literacy leader position to build and sustain change within their schools. Literacy leaders and coaches can use this book as a road map for how to approach their work with purpose and intention. Online videos that accompany the book bring the text alive by showing readers what coaching looks and sounds like.

**Taking the Lead on Adolescent Literacy** Jan 25 2022 Directly linked with overall student achievement, graduation rates, and success in higher education, literacy is essential for reaching academic goals in a school or county. Adolescent literacy has become the focus of many school improvement efforts to meet the needs of secondary and high school students. Without the requisite expertise in literacy, administrators and other school leaders charged with literacy improvement initiatives need a systemic and sustained approach for improving student literacy and learning. *Taking the Lead on Adolescent Literacy* presents a concrete, user-friendly, and practical guide to developing, implementing, and monitoring a schoolwide or county-wide literacy action plan. Readers will find rubrics, tools, and processes developed and field-tested by the authors over more than 10 years of close work with schools across the country.

*Cultivating Coaching Mindsets* Nov 22 2021 A Joint Publication with the International Literacy Association Literacy leaders are working to provide highly effective, rigorous teaching and learning as they work with families, communities, individuals, and the system simultaneously. To do that, they need to wear many hats, serving as leaders, facilitators, designers, and advocates. In *Cultivating Coaching Mindsets*, authors Rita Bean and Jacy Ippolito lay out a detailed framework to help literacy leaders promote the advancement of literacy instruction that improves and deepens learning. They also explore facilitation techniques for providing meaningful feedback while respecting teachers' views and knowledgesupporting teachers as they build their capacity to reflect on and improve literacy learning for all students.

Librarians in Schools as Literacy Educators May 05 2020 This book explores the role that librarians play within schools as literacy leaders. While librarians working in schools are generally perceived as peripheral to the educational experience, they can in fact provide significant support in encouraging children's literacy and literature learning. As the need for strong functional literacy becomes ever more important, librarians who support literacy are often invaluable in achieving various academic, vocational and social goals. However, this contribution often seems to be overlooked, with funding cuts disproportionately affecting librarians. Building on recent research from Australia, the USA and the UK, the author examines the role that librarians may play as literacy educators in schools in order to make visible their contributions to the school community. In doing so, this book urges for greater recognition and support to school libraries and their staff as valuable members of the school community.

**Early Literacy Matters** Jul 07 2020 *Early Literacy Matters* is an innovative action guide for elementary school leaders and instructional coaches dedicated to accelerating literacy performance in the early grades, when prevention of reading difficulties matters most. As a unique father-daughter team with combined expertise in literacy education and instructional leadership, the authors share best practices for literacy success. Readers will learn how to... establish and lead a literacy team, implement embedded professional development, utilize key assessments to frame daily instruction, and illustrate specific organizational and scheduling models needed to support systemic change based on the science of reading. Each chapter

features reflection questions and explicit strategies and tools leaders can implement immediately in today's classrooms.

Read, Write, Lead Dec 12 2020 Literacy is a skill for all time, for all people. It is an integral part of our lives, whether we are students or adult professionals. Giving all educators the breadth of knowledge and practical tools that help students strengthen their literacy skills is the focus of *Read, Write, Lead*. Drawing on her experience as a mentor teacher, reading specialist, instructional coach, and staff developer, author Regie Routman offers time-tested advice on how to develop a schoolwide learning culture that leads to more effective reading and writing across the curriculum. She explains how every school—including yours—can: implement instructional practices that lead to better engagement and achievement in reading and writing for all students, from kindergarten through high school, including second-language and struggling learners; build Professional Literacy Communities of educators working together to create sustainable school change through professional learning based on shared beliefs; reduce the need for intervention through daily practices that ensure success, even for our most vulnerable learners; and embed the language of productive feedback in responsive instruction, conferences, and observations in order to accelerate learning for students, teachers, and leaders. In their own voices, teachers, principals, literacy specialists, and students offer real-life examples of changes that led to dramatic improvement in literacy skills and—perhaps just as important—increased joy in teaching and learning. Scattered throughout the book are “Quick Wins”—ideas and actions that can yield positive, affirming results while tackling the tough work of long-term change.

*The Literacy Leadership Guide for Elementary Principals* Mar 15 2021 This guide cultivates a school culture where the principal is positioned as the literacy leader. It will support principals to define, and create a literacy culture, as well as provide insight to support principals in their quest to becoming primary individual responsible for bringing joy to teaching and learning as part of building school culture.

*100 Ideas for Secondary Teachers: Literacy Across the Curriculum* Sep 08 2020 As Ofsted says, Literacy is a shared responsibility across the curriculum in secondary schools. But for subject teachers and school leaders outside of the English department, this can seem a daunting task. *100 Ideas for Secondary Teachers: Literacy Across the Curriculum* contains all sorts of strategies and ideas for ensuring that pupils are developing competency in reading and writing in every subject, from maths to PE, without putting pressure on teachers' time and resources. The perfect quick-reference pocket book, this collection of creative and original ideas from English expert Graham Tyrer has something for everyone, ensuring all teachers and school staff are able to support students in gaining confidence in literacy. By picking and choosing relevant ideas, busy teachers can develop both short and long term strategies for cross-curricular teaching that really work, have an impact on whole school learning, and help every pupil reach their potential.

*Literacy Leadership in Changing Schools* Jul 31 2022 *Literacy Leadership in Changing Schools* will help literacy leaders improve teachers' professional development in grades K–6. The authors use literacy basics to suggest concrete approaches that leaders and coaches can use to help teachers improve their instruction with culturally and linguistically diverse students. Based on firsthand experiences, research, and a school-university-community collaborative (Changing Suburbs Institute in New York), this practical book homes in on what literacy leaders need to do in today's rapidly changing schools. With vignettes, strategies, and guidelines, each chapter is devoted to one essential component of serving as an effective literacy leader. Throughout, the book addresses typical issues leaders and teachers face, such as high-stakes testing, increasing failure rates, rigorous teacher and principal evaluations, family engagement, shrinking resources, and teachers' inexperience with instructing diverse students. “Today's educators are faced with the challenge of meeting the increased expectations associated with a high quality education for all children. The contributors provide an excellent resource of relevant information along with a wealth of concrete suggestions for meeting that challenge through effective leadership and ongoing, embedded professional development. The result is a road map for enriched learning experiences for the professionals involved and ultimately for the students they teach.” —Dorothy S. Strickland, Samuel DeWitt Proctor Professor of Education Emerita, Rutgers “This book encourages and supports leaders as they create bold, thoughtful and empowering pathways for professional development. It is a recipe that has the power to highlight the joy of professional growth and learning for leaders, teachers and students alike. To me, that is truly fabulous.” —Jennifer Scoggin, Director of LitLife, Connecticut “The authors address important aspects of the decision-making process, namely how to really know someone or something well before making a choice. Too many of our educational choices are based on outdated or misinformation and this book clearly shows school leaders how to obtain accurate information when creating a cohesive literacy model. This book also takes complex aspects of literacy professional development, such as standards and instructional techniques and breaks them down in clear and applicable ways so that decisions can not just be made but also be implemented.” —Gravity Goldberg, Literacy Consultant, Director, Gravity Goldberg LLC

**The Literacy Leadership Guide for Elementary Principals** Aug 20 2021 For the past decade in the United States, elementary principals have faced increased scrutiny. Student performance regardless of student experiences, district funding practices, or societal factors have been the responsibility of the principal. In a similar fashion, teachers have been ridiculed and scorned. As a result, principals are left trying to create positive school culture, evaluate teacher performance, and guide and support professional development initiatives. In the meantime, teachers in many ways do not see themselves as professionals, do not feel that they have autonomy in their classrooms, and as a result may not have the same joy that they once had. The goal of this guide is to assist principals and school leaders to cultivate a school culture where the principal is positioned as the literacy leader. This guide will support principals

to address, define, and create a literacy culture. Most importantly, provide insight to support principals in their quest to becoming primary individual responsible for bringing joy to teaching and learning as part of building school culture.
