**In Love with George Eliot** Jan 20 2022 A TLS BOOK OF THE YEAR Who was the real George Eliot? In Love with George Eliot is a glorious debut novel which tells the compelling story of England's greatest woman novelist as you've never read it before. Marian Evans is a scandalous figure, living in sin with a married man, George Henry Lewes. She has shocked polite society, and women rarely deign to visit her. In secret, though, she has begun writing fiction under the pseudonym George Eliot. As Adam Bede's fame grows, curiosity rises as to the identity of its mysterious writer. Gradually it becomes apparent that the moral genius Eliot is none other than the disgraced woman living with Lewes. Now Evans' tremendous celebrity begins. The world falls in love with her. She is the wise and great writer, sent to guide people through the increasingly secular, rudderless century, and an icon to her progressive feminist peers — with whom she is often in disagreement. Public opinion shifts. Her scandalous cohabitation is forgiven. But this idyll is not secure and cannot last. When Lewes dies, Evans finds herself in danger of shocking the world all over again. Meanwhile, in another rudderless century, two women compete to arrive at an interpretation of Eliot as writer and as woman ... Everyone who has thrilled at being shown the world anew by George Eliot will thrill again at her presence, complex and compelling, here.

**Spinoza's Ethics** Oct 25 2019 "This is a scholarly edition of Eliot's translation of Spinoza's Ethics, which today reads as a fresh, elegant and faithful rendering of the original Latin text. The editor's notes on the text will indicate Eliot's amendments to her manuscript, and discuss those translation decisions which differ from the standard modern English editions, and have a bearing on interpretive and philosophical issues. Eliot's translation of the Ethics is prefaced by an editorial essay which briefly introduces Spinoza's text in its 17th-century context and outlines its key philosophical claims, before discussing Eliot's interest in Spinoza, the circumstances of her translation of the Ethics, and the influence of Spinoza's ideas on her literary work. It presents Eliot's reading of Spinoza in the broader context of the 19th-century reception of his philosophy by Romantic writers, while tracing the distinctive ways in which Eliot drew on Spinoza's radical views on religion, ethics, and human psychology"--

It is reprinted here from the 1890 edition of the translation.

**142 Strand** Aug 15 2021 142 Strand was the home of the brilliant, unconventional young publisher John Chapman. All the daring and avant-garde writers and thinkers of Victorian London gathered here, among them Carlyle, Dickens, Thackeray; Americans like Emerson and refugees from revolutionary Europe like Mazzini. In 1851 Chapman brought Marian Evans - the future George Eliot - to London where her arrival caused rows in the household, which included Chapman's wife and also his mistress. The Strand was packed with booksellers, magazine publishers, theatres, clubs, and quack doctors. Only a short distance away were Westminster, the Houses of Parliament and the disreputable pornographers of Holywell street. Chapman's circle touched all these worlds, and the vivid story of these unconventional lives and unorthodox views - marvellously told by Rosemary Ashton - takes us to the heart of Victorian culture, uncovering its surprising energy, its doubts and arguments, and, above all, its passionate reforming spirit.

**Middlemarch** Jun 13 2021 Middlemarch: A Study of Provincial Life is a novel by George Eliot, the pen name of Mary Anne Evans, later Marian Evans. It is her seventh novel, begun in 1869 and then put aside during the final illness of Thornton Lewes, the son of her companion George Henry Lewes. During the following year Eliot resumed work, fusing together several stories into a coherent

whole, and during 1871-72 the novel appeared in serial form. The first one-volume edition was published in 1874, and attracted large sales. Subtitled "A Study of Provincial Life," the novel is set in the fictitious Midlands town of Middlemarch during the period 1830-32. It has a multiple plot with a large cast of characters, and in addition to its distinct though interlocking narratives it pursues a number of underlying themes, including the status of women, the nature of marriage, idealism and self-interest, religion and hypocrisy, political reform, and education, etc. BIO: Mary Anne (Mary Ann, Marian) Evans (22 November 1819 - 22 December 1880), better known by her pen name George Eliot, was an English novelist and one of the leading writers of the Victorian era. She is the author of seven novels, including *The Mill on the Floss* (1860), *Silas Marner* (1861), *Middlemarch* (1871-72), and *Daniel Deronda* (1876), most of them set in provincial England and well known for their realism and psychological insight. She used a male pen name, she said, to ensure that her works were taken seriously. Female authors were published under their own names during Eliot's life, but she wanted to ensure that she was not seen as merely a writer of lighthearted romances. An additional factor in her use of a pen name may have been a desire to shield her private life from public scrutiny and to prevent scandals attending her relationship with the married George Henry Lewes, with whom she lived for over 20 years.

*The Real Life of Mary Ann Evans* Feb 27 2020 Bodenheimer defines the personal paradoxes that helped to shape Eliot's fictional characters and narrative style. Bodenheimer revisits pivotal episodes in Mary Ann Evans's life and career, including the "Holy War" through which she asserted her youthful religious skepticism; her decision to elope with the married writer George Henry Lewes; and her marriage with John Cross after Lewes's death. Bodenheimer also discusses the rumor campaign that led to the discovery that "George Eliot" was a woman, and she traces the trajectory of Eliot's impassioned conflict between her ambition and her womanhood.

*Brother Jacob* Jul 02 2020 Brother Jacob is Eliot's literary homage to Thackeray, a satirical modern fable that draws telling parallels between eating and reading. Revealing Eliot's deep engagement with the question of whether there are 'necessary truths' independent of our perception of them and the boundaries of art and the self. *Scenes of Clerical Life* Mar 30 2020 Mary Anne (alternatively Mary Ann or Marian) Evans (22 November 1819 - 22 December 1880), better known by her pen name George Eliot, was an English novelist, journalist and translator, and one of the leading writers of the Victorian era. She is the author of seven novels, including *Adam Bede* (1859), *The Mill on the Floss* (1860), *Silas Marner* (1861), *Middlemarch* (1871-72), and *Daniel Deronda* (1876), most of them set in provincial England and well known for their realism and psychological insight. *Scenes of Clerical Life* is the title under which George Eliot's first published fictional work, a collection of three short stories, was released in book form, and the first of her works to be released under her famous pseudonym. The stories were first published in *Blackwood's Magazine* over the course of the year 1857, initially anonymously, before being released as a two-volume set by *Blackwood and Sons* in January 1858. The three stories are set during the last twenty years of the eighteenth century and the first half of the nineteenth century over a fifty year period. The Stories take place in and around the fictional town of Milby in the English Midlands. Each of the *Scenes* concerns a different Anglican clergyman, but is not necessarily centred upon him. Eliot examines, among other things, the effects of religious reform and the tension between the Established and the Dissenting Churches on the clergymen and their congregations, and draws attention to various social issues, such as poverty, alcoholism, and

domestic violence. (wikipedia.org)

**The Honeymoon Feb 09 2021** Based on the life of George Eliot, famed author of *Middlemarch*, this captivating account of Eliot's passions and tribulations explores the nature of love in its many guises. Dinah Smith's spellbinding novel recounts George Eliot's honeymoon in Venice in June 1880 following her marriage to a handsome young man twenty years her junior. When she agreed to marry John Walter Cross, Eliot was recovering from the death of George Henry Lewes, her beloved companion of twenty-six years. Eliot was bereft: left at the age of sixty to contemplate profound questions about her physical decline, her fading appeal, and the prospect of loneliness. In her youth, Mary Ann Evans—who would later be known as George Eliot—was a country girl, considered too plain to marry, so she educated herself in order to secure a livelihood. In an era when female novelists were objects of wonder, she became the most famous writer of her day—with a male *nom de plume*. *The Honeymoon* explores different kinds of love, and of the possibilities of redemption and happiness even in an imperfect union. Smith integrates historical truth with her own rich rendition of Eliot's inner voice, crafting a page-turner that is as intelligent as it is gripping.

**Marian Evans in the Twenty First Century Oct 29 2022** 30th December 1852: After an unhappy Christmas, Marian Evans returns to London. Today will mark the first day of a bitter feud between Marian and her brother, Isaac. Indeed, the rift between them will become so great that Marian becomes trapped into an endless repeating-cycle in which she keeps returning to this moment, as many "alternate" futures are played out. In an "alternate" time-line, Marian Evans resigns her job as Editor of the *Westminster Review* in 1851. This version of history will remember Marian as a translator, journalist and philosopher - but not as novelist. She will disappear into obscurity following the publication of the second novel by Warwickshire writer, Joseph Liggins. Marian next finds herself on a railway platform at Nuneaton Station, some time in the early twenty first century of this "alternate" world. Here she befriends a young man whom claims he will have a major influence upon the direction of her life in the years to come.

**Gendering Orientalism Nov 25 2019** In contrast to most cultural histories of imperialism, which analyse Orientalist images of rather than by women, *Gendering Orientalism* focuses on the contributions of women themselves. Drawing on the little-known work of Henriette Browne, other 'lost' women Orientalist artists and the literary works of George Eliot, Reina Lewis challenges masculinist assumptions relating to the stability and homogeneity of the Orientalist gaze. *Gendering Orientalism* argues that women did not have a straightforward access to an implicitly male position of western superiority. Their relationship to the shifting terms of race, nation and gender produced positions from which women writers and artists could articulate alternative representations of racial difference. It is this different, and often less degrading, gaze on the Orientalized 'Other' that is analysed in this book. By revealing the extent of women's involvement in the popular field of visual Orientalism and highlighting the presence of Orientalist themes in the work of Browne, Eliot and Charlotte Brontë, Reina Lewis uncovers women's roles in imperial culture and discourse. *Gendering Orientalism* will appeal to students, lecturers and researchers in cultural studies, literature, art history, women's studies and anthropology.

**Adam Bede Jan 28 2020** About the Book Adam Bede, the first novel written by George Eliot (the pen name of Mary Ann Evans), was published in 1859. It was published pseudonymously, even though Evans was a well-published and highly respected scholar of her time. The novel has remained in print ever since and is used in university studies of 19th-century English literature. Carpenter Adam Bede is in love with the beautiful Hetty Sorrel, but unknown to him, he has a rival, in the local squire's son Arthur Donnithorne. Hetty is soon attracted by Arthur's seductive charm and they begin to meet in secret. The relationship is to have tragic consequences that reach far beyond the couple themselves, touching not just Adam Bede, but many others, not least, pious Methodist Preacher Dinah Morris. A tale of seduction, betrayal, love and deception, the plot of Adam Bede has the quality of an English folk song. Within the setting of Hayslope, a small, rural community, Eliot brilliantly creates a sense of earthy reality, making the landscape itself as vital a presence in the novel as that of her characters themselves. About the Author Mary Ann (Marian) Evans was born in 1819 in Warwickshire. Under the name of George Eliot, she wrote *Scenes of Clerical Life*, *Adam Bede*, *The Mill on the Floss*, *Silas Marner*, *Romola*, *Felix Holt*, *Middlemarch* and *Daniel Deronda*, as well as numerous essays, articles and reviews. She died in 1880, only a few months after marrying J. W. Cross, an old friend and admirer, who became her first biographer. Margaret Reynolds works on literature from the C18th to the present day, especially poetry, and especially in the Victorian period. Her *The Sappho History* (2003) traced the transmission of the works and images of the ancient Greek poet as they appear in the works of Mary Robinson, S.T. Coleridge, Alfred Tennyson, Baudelaire, Swinburne, H.D. and Virginia Woolf. Margaret Reynolds is the presenter of BBC Radio 4's 'Adventures in Poetry', now in its 11th series.
