Legal and Ethical Issues Dec 15 2021 Quick Look Nursing: Legal and Ethical Issues, authored by two successful nurse attorneys, examines topics from basic legal foundations to complicated legal issues challenging nurses every day. Important topics chosen for the book include a wide range of legal and ethical issues from basic concepts, such as professional regulation of licensure, to bioethical issues, such as assisted suicide. It is written to provide nursing students, nursing faculty, and nursing professionals with an organized and manageable format covering the essential components of legal and ethical issues to make learning and teaching easier. Section One includes subjects related to legal risks in the nursing practice and presents a review of the legal system, negligence and malpractice, standards of care, insurance, regulation of practice and refusing an assignment. Section Two examines topics related to liability in patient care including confidential communications, informed consent pain control, patient teaching, clients with AIDS, and abusive situations. Documentation issues are presented in Section Three including computerized records, implementing orders incident reports, and forensics. Employment issues are dealt with in Section Four including contracts, unionization, employment status liability, sexual harassment, violence, and employees with AIDS and needlesticks. Section Five targets ethical issues including unethical conduct, patient's™ rights, maternal vs. fetal rights, and assisted suicide. This extraordinary text is a concise yet scholarly presentation of material that is essential for professional practice. Each chapter condenses content that would normally be included in an hour lecture format and incorporates the essentials.

The Incident Report Sep 24 2022 Strikingly original in its structure, composed of highly distilled, lyric reports in which you discover if Rigoletto, the hunchbacked jester from Verdi's opera is alive and living in Toronto. In a Toronto library, notes appear, written by someone who believes he is Rigoletto, the hunchbacked jester from Verdi's opera. Convinced that the young librarian, Miriam, is his daughter, he promises to protect her. Little does he know how much loss she has already experienced; or does he? Strikingly original in its structure, composed of 140 highly distilled, lyric "reports," the novel depicts the tensions between private and public storytelling and the subtle dynamics of a socially exposed workplace. Reports on bizarre public behavior intertwine with reports on the private life of the novel's narrator. Both mystery and love story, *The Incident Report* daringly explores the fragility of our individual identities.

Juta's Manual of Nursing Mar 18 2022 The basics of fundamental and general nursing science are presented in this health resource for auxiliary, enrolled, and registered general nurses. A strong community nursing focus infuses the outcome-based teachings and questions to stimulate further discussion. Practical information on nursing in South Africa is provided, including working in the legal framework, managing the challenges of nursing in a culturally diverse society, and dealing with patients suffering from HIV and AIDS. Medical teachings on the use of oxygen, temperature regulation, mobility, and skin integrity complement the ethical discussions.

Report Writing for Criminal Justice Professionals Aug 31 2020 So much of the process of criminal justice depends on good documentation, and criminal justice professionals can spend as much as 50-75% of their time writing up administrative and research reports. Much of the legal process depends on the careful documentation that records crucial information. And yet most of these law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide a well-written, accurate, brief, and complete report. Report Writing for Criminal Justice Professionals provides practical advice on report writing -- with specific writing samples and guidelines. The authors go beyond the routine English grammar approach to deal with the difficult but often-ignored problem of documentation that will hold up in court. Important concepts are emphasized with related checklists, forms, and pull-out chapter tests. The material is organized into three sections: The Nature of Report Writing, The Mechanics of Report Writing, and The Modernization of Report Writing NEW TO THIS EDITION Updated and revised with new material on forensics and scientific reports, crime reporting, common errors in forensic reports, and automation of report writing. Appendixes are thoroughly revised, with new examples of reporting forms, worksheets, and reports, including a sample forensic lab report and presentence investigation report. Text complemented by numerous examples, sample reports and tools. Each chapter concludes with a sample test for the reader to self-evaluate learning. Appendices include model reports, examples of agency instructions for completing report forms and selected readings.
