*The Lost Soul* Dec 25 2021 The only book in English for readers of all ages by Nobel Prize-winning novelist Olga Tokarczuk is a beautifully illustrated meditation on the fullness of life. "Olga Tokarczuk's The Lost Soul, an experimental fable illustrated by Joanna Concejo and translated by Antonia Lloyd-Jones, resonates with our current moment. . . . What a striking, and lovely, material object it is." --New York Times "The Lost Soul, by Olga Tokarczuk and illustrator Joanna Concejo, is a quiet meditation on happiness, following a busy man who loses his soul. . . . It pours a childlike sense of wonder into a once-upon-a-time tale that is already resonating with adults around the world." --Guardian The Lost Soul is a deeply moving reflection on our capacity to live in peace with ourselves, to remain patient, attentive to the world. It is a story that beautifully weaves together the voice of the Nobel Prize-winning Polish novelist Olga Tokarczuk and the finely detailed pen-and-ink drawings of illustrator Joanna Concejo, who together create a parallel narrative universe full of secrets, evocative of another time. Here a man has forgotten what makes his heart feel full. He moves to a house away from all that is familiar to him to wait for his soul to return. "Once upon a time there was a man who worked very hard and very quickly, and who had left his soul far behind him long ago. In fact his life was all right without his soul--he slept, ate, worked, drove a car and even played tennis. But sometimes he felt as if the world around him were flat, as if he were moving across a smooth page in a math book that was covered in evenly spaced squares. . . ." --from The Lost Soul The Lost Soul is a sublime album, a rare delicacy that will delight readers young and old. "You must find a place of your own, sit there quietly and wait for your soul." Winner of the Bologna Ragazzi Award, Special Mention 2018, Prix de l'Union Internationale pour les Livres de Jeunesse (IBJY), The White Raven (IJM Munich), and the Łódź Design Festival Award.

**Yahweh for Christians** May 30 2022 Yahweh for Christians: I Am Original Words, Original Truth By: Messianic Rabbi Minister Yahonathan Daweed Yahweh for Christians is a work unlike any other on your book shelf. No other work of this weight and of this topic gives us a historical examination across the history of man as this work does. Yahweh for Christians states that there is an epic struggle between the Sacred Name, and an intelligent opponent, that goes beyond our appreciation. This attack is not benign, but is violent, and affects all life as we know it. This battle defines our conscious and unconscious lives, so that we do not know that true life is altered beyond recognition. As such, this is plerarily deleterious to our existence. Yahweh for Christians will present actual history, revealing the collateral lies of wrote history. It will connect the dots to creation, Judaism, Catholicism, Christianity, Islam, Japheth, Shem, Ham, Egypt, Greco-Rome, Germany, the dark ages, the crusades, Great Britain, slavery, the world wars, our present time, and our soon coming end. All of which is a complex, systematic, intelligent designed orchestration of spiritual warfare of a great lie versus a great truth. If this struggle is so ranging and daunting as stated above, then this work is one of grave importance. The simplicity of word study is the chief tool utilized by this work, to access the etiology of knowledge. Original words will deposit the student to original truth. □□□

Anyone who opens this book...will love her musical use of our language....(T)his new translation of Char's work...shows us...the intensity, the dream-like language, the gravity of tone, and the constant impression that one is reading not words in the language, but sparks of flames that defy any attempt at interpretation, or rather open themselves to multiple interpretations at once, clashing with each other, their intersections catching fire." from the Foreword to *STONE LYRE*, by Ilya Kaminsky, poet and author of *DANCING IN ODESSA*

**Book from the Ground** Aug 28 2019 A book without words, recounting a day in the life of an office worker, told completely in the symbols, icons, and logos of modern life. Twenty years ago I made *Book from the Sky*, a book of illegible Chinese characters that no one could read. Now I have created *Book from the Ground*, a book that anyone can read. —Xu Bing Following his classic work *Book from the Sky*, the Chinese artist Xu Bing presents a new graphic novel—one composed entirely of symbols and icons that are universally understood. Xu Bing spent seven years gathering materials, experimenting, revising, and arranging thousands of pictograms to construct the narrative of *Book from the Ground*. The result is a readable story without words, an account of twenty-four hours in the life of "Mr. Black," a typical urban white-collar worker. Our protagonist's day begins with wake-up calls from a nearby bird and his bedside alarm clock; it continues through tooth-brushing, coffee-making, TV-watching, and cat-feeding. He commutes to his job on the subway, works in his office, ponders various fast-food options for lunch, waits in line for the bathroom, daydreams, sends flowers, socializes after work, goes home, kills a mosquito, goes to bed, sleeps, and gets up the next morning to do it all over again. His day is recounted with meticulous and intimate detail, and reads like a postmodern, post-textual riff on James Joyce's account of Bloom's peregrinations in *Ulysses*. But Xu Bing's narrative, using an exclusively visual language, could be published anywhere, without translation or explication; anyone with experience in contemporary life—anyone who has internalized the icons and logos of modernity, from smiley faces to transit maps to menus—can understand it.

**Tuesday** Dec 01 2019 In this ingenious and imaginative - nearly wordless - picture book, frogs in a pond lift off on their lily pads and fly to a nearby town where they zoom through a woman's living room, encounter a dog playing in his yard, and distract a bathrobe-clad citizen from his midnight snack. Who knows what will happen next Tuesday?

**Pictographs of the North American Indians** Apr 16 2021 A pictograph is a writing by picture. It conveys and records an idea or occurrence by graphic means without the use of words or letters. The execution of the pictures of which it is composed often exhibits the first crude efforts of graphic art, and their study in that relation is of value. When pictures are employed as writing the conception intended to be presented is generally analyzed, and only its most essential points are indicated, with the result that the characters when frequently repeated become conventional, and in their later forms cease to be recognizable as objective portraits. A general deduction made after several years of study of pictographs of all kinds found among the North American Indians is that they exhibit very little trace of mysticism or of esotericism in any form. They are objective representations and cannot be treated as ciphers or cryptographs in any attempt at their interpretation. A knowledge of the customs, costumes, including arrangement of hair, paint, and all tribal designations, and of their histories and traditions is essential to the understanding of their drawings, for which reason some of those particulars known to have influenced pictography are set forth in this book, and others are suggested which possibly had a similar influence.
