Class Voice Feb 01 2020 Class Voice: Fundamental Skills for Lifelong Singing is a unique undergraduate textbook which can be adapted to needs of any potential voice user, including music education students, voice students who are not majoring in music, and adult learners. By explaining the basics of singing using practical skills and examples, this text is accessible to students with a wide range of talents, interests, and expertise levels. With chapters devoted to skills for singing solo and in groups, instructors can tailor the included materials to encourage students to become thoroughly familiar with their own voices and to identify and appreciate the gifts of others. Learning to sing is a process of trial and error. The warm-ups and other in-class performance opportunities contained in this textbook can raise student confidence and minimize anxiety. The chapters about age and size-appropriate repertoire and issues of vocal health provide vital information about preserving the vocal instrument for a lifetime of singing. Key Features * Warm-up and cool-down exercise routines, including strategies for relaxing and breath management * Repertoire topics divided by language and genre and suggestions about how to use the repertoire to develop specific skills * Issues of diversity, gender, and inclusivity covered in Chapter 9 entitled "The Singing Life" * Suggestions for comparative listening and questions for discussion to encourage deeper learning * Adaptable materials which can be tailored to fit interests in choral music, musical theater, folksong, as well as Classical vocal repertoire * Assignments, evaluation criteria, and assessment forms for midterm and final presentations * A glossary of key terms * A bibliography with resources for research and learning * Information on basic musicianship skill training for those who need it Disclaimer: Please note that ancillary content (such as documents, quizzes, PowerPoints, etc.) may not be included as published in the original print version of this book.

Cultural Politics in Fifteenth-Century England: The Case of Humphrey, Duke of Gloucester Apr 16 2021 This book analyses the relation between politics and the production of culture in Lancastrian England, focussing on the intellectual activity of Duke Humphrey of Gloucester, reconstructing his library and analysing his commissions of translations, biographies and political poems.

Italian Literature Before 1900 in English Translation Oct 11 2020 "Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English, and published between 1929 and 2008. It lists works from all genres and subjects, and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors - Dante Alighieri, [Niccoláo] Machiavelli, and [Giovanni] Boccaccio - and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's Twentieth-Century Italian Literature in English Translation, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature."--Pub. desc.

Out of what Began Jun 30 2022 The first book of its kind, Out of What Began traces the development of a distinctive tradition of Irish poetry over the course of three centuries. Beginning with Jonathan Swift in the early eighteenth century and concluding with such contemporary poets as Seamus Heaney and Eavan Boland, Gregory A. Schirmer looks at the work of nearly a hundred poets. Considering the evolving political and social environments in which they lived and wrote, Schirmer shows how Irish poetry and culture have come to be shaped by the struggle to define Irish identity. Schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of Irish literature; many of these writers are women, whose work has been kept in the shadows cast by that of well-known male poets. He also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence. With its rich selection of poetic voices, Out of What Began reveals the political, social, and religious diversity of Irish culture.
