Feeding Lions Sep 19 2019 [Feeding Lions](#) is a book that comes clean on just why conservatives and liberals can't get in the same room without a fight breaking out. Using a healthy dose of heartland humor, the author takes readers on a journey of discovery that will anger liberals and awaken the dormant conservative who sleeps in the majority of the nation. This book avoids reams and reams of boring statistics and gets down to business right away by laying out the fundamentals of conservatism and why they fall in diametric opposition to liberalism. The goal for this book is quality, not quantity, and each page is full of serious intellectual analysis on the battle being waged for the hearts and minds in this country, and why conservative views MUST win the day.
