Treatise on International Criminal Law Mar 03 2020 International criminal law and justice is a flourishing field which has led, in recent years, to new international criminal tribunals and new mechanisms for investigation and holding criminals to account. These developments have, in turn, led to an increasing volume and greater consolidation of case law, and even more scholarly attention. The second edition of this volume of Kai Ambos' seminal treatise has been revised and rewritten in parts to provide coverage of recent developments in the 'Special Part' of international criminal law: namely, the specific crimes and sentencing. Amongst other updates, there are significant extensions of the discussion on sexual and gender-based crimes; the introduction of environmental crimes into international criminal law; further elaboration on the nexus requirement in war crimes and asymmetrical conflicts (e.g., ISIS); and reference to the newly introduced war crimes of the ICC Statute and of the peculiarities of cyber-attacks and other emerging activities. The volume complements Volume I of the treatise on issues relevant to the foundations, general part of international criminal law, and general principles of international criminal justice. Taken together with the other new editions of the three-volume series, this second edition provides an exhaustive guide to every aspect of international criminal law, from fundamental principles to procedures and implementation. Kai Ambos' Treatise remains an indispensable reference work for academics and practitioners of international criminal law.

Holy Bible Jan 13 2021 For decades, scholars have referred to the American Standard Version as the "rock of Biblical honesty," and have held convictions that "interest in it should be renewed and increased, with the chief inducement being its recognized value which deserves and demands perpetuation." Like our ASV predecessors, the Refreshed ASV is resolutely committed to the Formal Equivalence translation philosophy, and has endeavored to handle the English text with both deference and reserve, intending this standard ought merely to be refreshed, rather than revised, or replaced. Changes made to the ASV within the limited scope of the refreshing of the English text include archaic personal pronouns (i.e. thee, thou, thine, thy, thyself, ye), archaic verb terminations (i.e. -est, -st, -th), and antiquated vocabulary, spelling, and grammar resulting from semantic shift. Early Childhood Development: Pearson New International Edition Dec 12 2020 "Early Childhood Development: A Multicultural Perspective,6/e "addresses both typical and atypical child development from birth through age eight. This text highlights the diversity of child development, preparing professionals to meet the unique needs of children from a wide variety of backgrounds. From reviews of "Early Childhood Development: A Multicultural Perspective": I believe that overall the textbook is unique in its multicultural approach. It is also very reader friendly and contains the information that is essential to understanding the development of children. . . . T]his text is one of the few that truly does focus on the early development years. Additionally, it is one of the only texts] that has the multicultural emphasis. Keri Maxwell, West Virginia University I use the text because it is the only one that I have found with a true multicultural focus throughout, not just a multicultural chapter at the end of the book. . . . The W]riting is excellent, especially helpful are the examples and vignettes. . . . The book] gives multiple examples of how content is applied; gives a review of important points; and gives application ideas at the end of each chapter. A] strength of Chapter 18] is looking at family issues (poverty, oppression, etc.) and going through the different age ranges covered in this book. That helped to integrate that knowledge about families and apply it across ages. Sandra Newcomb, University of Maryland, College Park Excellent text. . . . T]he author has done an outstanding job of presenting key concepts in a readable, understandable, and relational way. Excellent "Research into Practice" feature]. Marilee Cosgrove, California State University, Fullerton"
