The Cosmopolites Feb 21 2022 The cosmopolites are literally "citizens of the world," from the Greek word kosmos, meaning "world," and polites, or "citizen." Garry Davis, aka World Citizen No. 1, and creator of the World Passport, was a former Broadway actor and World War II bomber pilot who renounced his American citizenship in 1948 as a form of protest against nationalism, sovereign borders, and war. Today there are cosmopolites of all stripes, rich or poor, intentional or unwitting, from 1-percenters who own five passports thanks to tax-havens to the Bidoon, the stateless people of countries like the United Arab Emirates. Journalist Atossa Abrahamian, herself a cosmopolite, travels around the globe to meet the people who have come to embody an increasingly fluid, borderless world. Along the way you are introduced to a colorful cast of characters, including passport-burning atheist hackers, the new Knights of Malta, California libertarian "seastealers," who are residents of floating city-states, Bidoons, who have been forced to be citizens of the island nation Comoros, entrepreneurs in the business of buying and selling passports, cosmopolites who live on a luxury cruise ship called The World, and shady businessmen with ties to Syrian dictator Bashar al Assad.

Endurance Mar 10 2021 Experience one of the greatest adventure stories of the modern age in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. With an introduction by Nathaniel Philbrick, Endurance is the definitive account of Ernest Shackleton's fateful trip. Alfred Lansing brilliantly narrates the gripping and miraculous voyage that has defined heroism for the modern age.

Poetics and Politics Jun 20 2019 Far from teleological historiography, the pan-European perspective on Early Modern drama offered in this volume provides answers to why, how, where and when the given

phenomena of theatre appear in history. Using theories of circulation and other concepts of exchange, transfer and movement, the authors analyze the development and differentiation of European secular and religious drama, within the disciplinary framework of comparative literature and the history of literature and concepts. Within this frame, aspects of major interest are the relationship between tradition and innovation, the status of genre, the proportion of autonomous and heteronomous creational dispositions within the artefacts or genres they belong to, as well as strategies of functionalization in the context of a given part of the cultural net. Contributions cover a broad range of topics, including poetics of Early Modern Drama; political, institutional and social practices; history of themes and motifs (Stoffgeschichte); history of genres/cross-fertilization between genres; textual traditions and distribution of texts; questions of originality and authorship; theories of circulation and net structures in Drama Studies.

Gilded Age Oct 05 2020 According to the Chinese zodiac, 2017 was the year of the 'fire rooster', an animal often associated with the mythical fenghuang, a magnificently beautiful bird whose appearance is believed to mark the beginning of a new era of peaceful flourishing. Considering the auspicious symbolism surrounding the fenghuang, it is fitting that on 18 October 2017, President Xi Jinping took to the stage of the Nineteenth Party Congress to proclaim the beginning of a 'new era' for Chinese socialism. However, in spite of such ecumenical proclamations, it became immediately evident that not all in China would be welcome to reap the rewards promised by the authorities. Migrant workers, for one, remain disposable. Lawyers, activists and even ordinary citizens who dare to express critical views also hardly find a place in Xi's brave new world. This Yearbook traces the stark new 'gilded age' inaugurated by the Chinese Communist Party. It does so through a collection of more than 40 original essays on labour, civil society and human rights in China and beyond, penned by leading scholars and practitioners from around the world.

It's In The Bag Jul 02 2020 A Determined Woman. A Little Dog Named SHERPA. A Remarkable Story. *It's In the Bag: A Revolution in Pet Travel* (New Voices Press, NUMBER OF PAGES, Feb. 14, 2021) is part memoir and part business book. Pet people will find inspiration in the journey of a determined woman who single-handedly designed, manufactured and marketed the iconic SHERPA Bag. This carrier, which millions have bought for their dogs, cats and other animal companions, continues to be THE top-selling, prize-winning, globally-popularly soft-sided pet carrier. The book will also inform, motivate and inspire would-be entrepreneurs and ambitious business owners as they read Gayle's unusually candid cautionary tales of the many "sharks in the water" she encountered in building SHERPA Pet Trading Company into a global brand, after convincing airlines to allow pets to travel in the cabin, where they can be most comfortable and safe. *IT'S IN THE BAG* details the great lengths Gayle went to, to have pets on board and give people a greater appreciation of how easy it can be to travel with your pet safely and comfortably, whether in their automobile, on a train or bus, or walking around town, while offering their pet a cozy "home away from home" the pet can constantly enjoy. Her story began in 1987, when she was on a brief hiatus from her job as a TWA Hostess (now known industry-wide as a flight attendant). As Gayle relates, "SHERPA the dog was my life, and I loved her dearly. She also served as a bittersweet reminder of my fiancé, who had recently died in his sleep. SHERPA was my greatest source of comfort and companionship long before the concept of "emotional support animals" entered the vernacular. That was exactly what she was, total emotional support. My story is not a fairy tale in which everything went smoothly. If that were so, I wouldn't have needed to write this book. When I designed my first line of SHERPA Bags, I not only had no business experience—I also had no money. I borrowed \$5,000 from my dear mother and then took the SHERPA Bag from store to store, selling their sales teams on my soft sided pet carrier concept. I became a one-woman business - a designer, distributor, salesperson, CEO. I handled sales from my personal phone number and went to Bloomingdale's, Saks Fifth Avenue, Macy's and elsewhere to begin my business. Most important, I was an advocate for pet travel. I needed to spread awareness and educate people about traveling with pets. By 1994, The Sherpa Bag had been officially approved by most major airlines, opening up a world of freedom for pet owners." Anyone who has ever been in business for any length of time knows that competition always jumps in. Sometimes the danger of being ripped off is not

only without but within. Gayle's story is filled with trials, tribulations and challenges, and is a page-turner as well as a cautionary tale to help other people, entrepreneurs and most especially pet lovers. More about the book, and Gayle's journey, with a spectacular Photo Gallery, is on her website, gaylemartz.com

Gaga Feminism Jul 22 2019 A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

The Cultural Encyclopedia of Baseball, 2d ed. Aug 27 2022 More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.
