Beyond Pleasure and Pain Dec 01 2019 How does motivation work? Scientific research shows that people are motivated to be effective in different ways that go beyond the pursuit of pleasure and the avoidance of pain. In this text, E. Tory Higgins provides a new theory of motivation that argues that people are motivated by the pursuit of value, truth, and control, but the central story to motivation lies in how these elements work together.

How to Drive Safely Jul 08 2020 Did You Know That Texting While Driving Increases Your Risk of a Car Accident by 23 Times? Or that the average duration of distraction was a staggering 135 seconds? Sadly, new, teenage drivers are most at risk for fatal car accidents for two main reasons: Their inexperience driving (which leads to hasty, poor decisions), and Peer pressure from friends (which causes them to make dumb, reckless decisions) They need to understand how to drive safely right from the start, and this book will help you do just that. In fact, we'll detail 49 expert tips, tricks, and advice that any driver--new or old--should be aware of before hitting the road. But, first... Who I Am, Why Listen To Me... My name is Damian Brindle. I'm a longtime survival blogger with many thousands of readers. I've spent the past decade studying and discovering nearly everything I can about survival, especially at home preparedness, to ensure my own family's survival. Over the last several years I've dedicated my life and my time to helping others just like you better survive disasters of all kinds. Like I said, it's my life. I'm also husband to a wonderful wife and father to two growing boys (one of whom is about to become a new driver)... as well as a devoted Christian and fellow Patriot. I've spent years ensuring my family will be 100% safe, secure, and ready for disasters of all kinds and now I'm offering you the chance to take an important--even crucial--action for yourself by ensuring your new, teenage driver is ready for the road as well. Here's What's Covered Inside... The Most Dangerous Driving Times, Days, and Situations (some of these might surprise you) 5 Actions You Should Always Do Before Driving Off (how spending 15 seconds now can save your life) Why Not Speeding is Much More Than Avoiding Speeding Tickets (and why it doesn't actually save time) What NOT to Do While Driving (you'd be surprised at how much safer you'll be) 11 More Common-Sense Safety Tips to Know (these could keep you the safest of all) Why Semi-Trucks and Other Large Vehicles Deserve Special Attention (hint: they always win car accidents) How to Really Get Your Car Ready for the Road (most people ignore these to their detriment) Why You Must Start Educating Them Now... Young adults think they know everything, they think they're invincible, and they think that nothing bad will ever happen to them. You and I both know that's not true. You simply MUST prepare your new, teen driver to be as safe as possible while you still have the opportunity to do so... here's how to educate your teen to drive safely on the road right from the start. Get the Book Now So You Stay Safe It's simple to do, just scroll up and click the "Buy Now" button and you'll get this knowledge instantly delivered to your fingertips only moments from now. Don't wait. Discover how to stay safe on the road and to give your teen the best chance of surviving the road. Scroll Up And Click The "Buy Now" Button

Instrumentation Fundamentals for Process Control Aug 01 2022 A practical introductory guide to the principles of process measurement and control. Written for those beginning a career in the instrumentation and control industry or those who need a refresher, the book will serve as a text or to supercede the mathematical treatment of control theory that will continue to be essential for a well-rounded understanding. The book will provide the reader with the ability to recognize problems concealed among a mass of data and provide minimal cost solutions, using available technology.
