points and story tropes, whose roots and development are traced. It also demonstrates how jazz stories cut across diverse genres—biopic, romance, musical, comedy and science fiction, horror, crime and comeback stories, "race movies" and modernized Shakespeare—even as they constitute a genre of their own. The book is also a directory/checklist of such films, 66 of them with extensive credits, plus dozens more shorter/capsule discussions. Where jazz films are based on literary sources, they are examined, and the nature of their adaptation explored: what gets retained, removed, or invented? What

do historical films get right and wrong? How does a film's music, and the style of the filmmaking itself, reinforce or undercut the story?—

**Any Way You Want Me** Dec 24 2021 PROLOGUE "You know what your problem is?" Gatlin bit out. "You're too damn naïve. Not everything in life is

all butterflies and sunshine Kylie." "And do you know what your problem is?" Kylie shot back. "You're too damn jaded. You wouldn't know happiness if it bit you in the ass," she continued. "You're content being miserable — and I'm going to leave you to that because it has no place in my world of butterflies and sunshine," she ended, storming past Gatlin. His arm snaked out and grabbed her. "Let go ... of ... me," Kylie bit out as she fought against her rising tide of passion. Gatlin's heat-seeking tongue melted her last bit of resistance. Kylie dug her hands into his thick, dark hair. Gatlin slowed his

assault on her mouth, moving to the golden column of her neck. "No, no, no ... stop. Stop Gatlin," her words slowly penetrated his aroused state. "This doesn't solve anything," she said, tears rolling down her cheeks. It's never been our problem ... and it won't be our salvation." Shaking off his desire to focus as best as he could, Gatlin responded, "It's a damn good place to start," and reached for her again. "Gatlin stop!" Kylie yelled. "Don't you see? This is just another way for you to not deal with your real feelings. ... I'm looking for real, lasting, soul-connecting love; not some casual roll in the hay!" "You

know you mean more to me than just a roll in the hay," Gatlin said. "I really care about you Kylie." "I love you Gatlin. And I know it's not something a modern woman is supposed to say so early in a relationship. But there it is. And I don't expect you to do anything or say anything. I just wanted you to know where I'm coming from." "In my world, love is not complicated. Difficult at times? Yes. But hard? No. You're absolutely right, I do believe in butterflies and sunshine. I believe in love — and I won't let anybody make me feel bad about that or take that away from me." "The thing is, I

know you love me too. But you just won't let yourself trust that what we have is real. And I refuse to spend my life trying to prove it to you." ### "Stop hitting my mom!" Gatlin yelled, jumping in front of his mother to prevent his father from landing another blow. "This is between your mother and me boy!" his father said in his drunken slur. "Go to your room. I'm ok honey." "I'm not leaving you," Gatlin cried, his seven-year-old voice cracking with fear as he tried to drag his mom from the room. As his father prepared to land another blow, Gatlin kicked him in the groin. He doubled over in pain, shouting, "You

miserable little piece of shit! I'll kill you for this!" Gatlin's mother ran to his side. "Honey are you alright?" she said, wiping blood from the side of her lip with one hand while she consoled his father with the other. ### Gatlin had mentally catalogued hundreds of these memories from his childhood. But this particular one stuck with him vividly. He realized why when Kylie said, "I believe in love and I won't let anybody take that away from me." When his mother had gone to his father to comfort him, instead of coming to him, a frightened 7-year-old, he realized the power of love. His mother had loved his father

beyond all rhyme and reason — even beyond her child. He didn't realize it, but that had been the moment he'd stopped believing in love. Love hurt. It was cruel. It wasn't kind. It was loyal to the wrong people. ### Can Kylie trust that what's between them will blossom into everlasting love, or will Gatlin's painful past always be a barrier to their happily ever after? ### african american romance, contemporary romance, interracial romance, bwmm romance, multicultural romance, drama romance, short romance, steamy romance, suspense romance

2020 Rationing: it's a word—and idea—that people often loathe and fear. Health care expert Henry Aaron has compared mentioning the possibility of rationing to “shouting an obscenity in church.” Yet societies in fact ration food, water, medical care, and fuel all the time, with those who can pay the most getting the most. As Nobel Prize-winning economist Amartya Sen has said, the results can be “thoroughly unequal and nasty.” In *Any Way You Slice It*, Stan Cox shows that rationing is not just a quaint practice restricted to World War II memoirs and

1970s gas station lines. Instead, he persuasively argues that rationing is a vital concept for our fragile present, an era of dwindling resources and environmental crises. *Any Way You Slice It* takes us on a fascinating search for alternative ways of apportioning life's necessities, from the goal of “fair shares for all” during wartime in the 1940s to present-day water rationing in a Mumbai slum, from the bread shops of Cairo to the struggle for fairness in American medicine and carbon rationing on Norfolk Island in the Pacific. Cox's question: can we limit consumption while assuring
