Public Rights of Way: The Essential Law Nov 25 2019 This succinct, practical and up-to-date book is an introduction to the complex area of public rights of way. It is aimed at practitioners, lawyers and surveyors, who are not necessarily experts in this area of law, but who may have to deal with rights of way in conveyancing transactions, land management or planning matters. The book will also be useful for those landowners, farmers and those working for local authorities. For this reason, the book does not follow the conventional pattern of dividing the chapters into subject topics, but looks at the law from the angle of the landowner, the purchaser, the public users of the rights and the local authority. There will, of course, be some chapters which will be relevant to all parties. Sections 20 to 26 of, and Schedule 7 to, the Deregulation Act 2015 will introduce many changes to the recording of public rights of way. The provisions were originally expected to come into force in April 2016. Although the relevant regulations are still awaited, the book covers the prospective legislation.

The Emperor of Law Aug 23 2019 In the days of the Roman Empire, the emperor was considered not only the ruler of the state, but also its supreme legal authority, fulfilling the multiple roles of supreme court, legislator, and administrator. The Emperor of Law explores how the emperor came to assume the mantle of a judge, beginning with Augustus, the first emperor, and spanning the years leading up to Caracalla and the Severan dynasty. While earlier studies have attempted to explain this change either through legislation or behavior, this volume undertakes a novel analysis of the gradual expansion and elaboration of the emperor's adjudication and jurisdiction: by analyzing the process through historical narratives, it argues that the emergence of imperial adjudication was a discourse that involved not only the emperors, but also petitioners who sought their rulings, lawyers who aided them, the senatorial elite, and the Roman historians and commentators who described it. Stories of emperors settling lawsuits and demonstrating their power through law, including those depicting mad emperors engaging in violent repressions, played an important part in creating a shared conviction that the emperor was indeed the supreme judge alongside the empirical shift in the legal and political dynamic. Imperial adjudication reflected equally the growth of imperial power during the Principate and the centrality of the emperor in public life, and constitutional legitimation was thus created through the examples of previous actions--examples that historical authors did much to shape. Aimed at readers of classics, Roman law, and ancient history, The Emperor of Law offers a fundamental reinterpretation of the much debated problem of the advent of imperial supremacy in law that illuminates the importance of narrative studies to the field of legal history.

Work of Giorgio Agamben Jun 20 2019 This collection of essays, newly available in paperback, seeks to explore Agamben's work from philosophical and literary perspectives, thereby underpinning its place within larger debates in continental philosophy.

Scottish Criminal Law Essentials Feb 09 2021 Examines the influence of classical philosophy on revenge narratives by Shakespeare and his contemporaries

Summary sections of Essential Facts and Essential Cases will help you to identify, understand and remember the key elements of revenue law.

Delict Apr 11 2021 "e;Recognising the multi-faceted nature of this Scots law, Francis McManus and Eleanor Russell have produced this all-encompassing guide to delict. With numerous case studies and questions for discussion after each chapter, this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice. The Scots law of delict encompasses a vast array of legal sources and contradictions. Many elements are modern and highly developed while others remain ancient and obscure. The majority of delictual principles are case law driven yet, increasingly, legislation plays a part. Further, although the concept of delict is limited to the Scottish jurisdiction, private international law cannot be ignored. "e;

Handy reference sections include tables of cases, statutes and conventions, and summaries of essential facts and cases.

Viking Law and Order Jan 28 2020 Until very recently Viking and Norse assembly sites were essentially unknown, apart from a few select sites, such as Thingvellir in Iceland. The Vikings are well-known for their

violence and pillage, but they also had a well-organised system for political decision-making, legal cases and conflict resolution. Using archaeological evidence, written sources and place-names, this book provides a comprehensive analysis of their legal system and assembly sites, showing that this formed an integral part of Norse culture and identity, to the extent that the assembly institution was brought to all Norse settlements. Sites are analysed through surveys and case studies across Scandinavia, Scotland and the North Atlantic region. The author moves the view of assembly sites away from a functional one to an understanding of the symbolic meaning of these highly ritualised sites, and shows how they were constructed to signify power through monuments and natural features. This original and stimulating study is set not only in the context of the Viking and Norse periods, but also in the wider continental histories of place, assembly and the rhetoric of power.

Media Law Essentials Nov 06 2020 Media Law Essentials is an invaluable study guide for students. Intellectual Property Law Essentials Jul 14 2021 How does law protect your ideas and privacy in Scotland and the UK? The Scots common law of property is strongly realist in its concepts, and restricts itself to tangible objects - objects, land, things attached to the land. But what about non-physical property, such as your intellectual property and your private personal information? These types of property are of increasing importance in this technological age. From copyright to patents, from data protection to freedom of information, and from e-commerce to cybercrime, Intellectual Property Law Essentials explains how UK statute law protects and regulates your information and ideas. End-of-chapter summaries of essential facts highlight the key things you should have learned, and summaries of essential cases show how the law is enforced in practice.

The Essential Associate Dec 07 2020 The Essential Associate is for young lawyers who aspire to grow, succeed, and advance on a partnership track at a law firm. It addresses the dual imperatives that young lawyers must grapple with: becoming an excellent lawyer and developing a book of business. Building mastery as a lawyer and building a book of business both take a long time. No longer can young lawyers sit back and wait for opportunities. But never before have more tools and resources been available that allow entrepreneurial-minded lawyers to stand out and succeed. From attorney, coach, and legal marketing expert Jay Harrington, The Essential Associate is a step-by-step guide that helps young lawyers, and law students preparing for a career in the law, not just survive, but thrive in today's competitive law firm environment. It includes insights from dozens of successful lawyers at firms across the country, general counsel at Fortune 500 companies, and top consultants to the legal industry. The Essential Associate has been praised by successful lawyers at law firms of all sizes. Foley & Lardner partner William McKenna calls it, "A must-read for every new "Biglaw" associate and, for that matter, young associates at every size firm." McKenna believes that, "If every young associate reads this book within the first six months of beginning practice, and put its lessons to work in their daily practice, their careers will benefit immeasurably." The Essential Associate is an indispensable tool for any young lawyer hoping to achieve success in today's competitive legal marketplace. PRAISE FOR THE ESSENTIAL ASSOCIATE "Jay Harrington's insights on how to become an Essential Associate are spot on. He provides practical advice on what action steps to take to succeed in becoming a valuable team member and a better lawyer." Brian McCarthy, Managing Partner L.A. Office, Skadden, Arps, Slate, Meagher & Flom "Jay has been there, done it, and learned from it. His gift is succinctly communicating his and others' lessons learned. An enjoyable read that will help you succeed." Scott Wolfson, Partner at Wolfson Bolton "The Essential Associate is a must-read for anyone starting a legal career or hoping to take their career to the next level. It's highly practical, and brimming with concrete advice from high-performing law firm partners on the qualities they are looking for in young lawyers. The first step to a successful legal career is graduating from law school. The next is reading The Essential Associate." Felicia Perlman, Partner at Skadden, Arps, Slate, Meagher & Flom "Making the transition from a legal philosopher (law school) to a legal practitioner is the hardest step every lawyer must make. The Essential Associate is a vital resource to facilitate that process." Paul H. Burton, Founder of QuietSpacing, LLC "The Essential Associate combines a wealth of practical insights into a readable story well attributed to interesting historical figures, giants of industry, and hands-on practitioners who have been in the trenches in recent years dealing with a profession that has become a business." William Gilbride, Partner at Abbott Nicholson "If you're a new associate looking for fundamental advice on how to get ahead, The Essential Associate is a great place to start." Keith Lee, Attorney, Author, and Founder of Associate's Mind and LawyerSmack "The Essential Associate is a must read for every new BigLaw associate and, for that matter, young associates at every size firm. It combines clear guidelines and action steps with real-life insights from a wide range of attorneys who have spent years navigating the shoals of legal practice. If every young associate reads this book within the first six months of beginning practice, and put its lessons to work in their daily practice, their careers will benefit immeasurably." William McKenna, Partner at Foley & Lardne

Environmental Law in Scotland Oct 05 2020 This pathfinding guide concentrates the regulation of pollution in Scotland, including the common law controls. It includes sections on nuisance (including statutory nuisance), noise, air pollution (including climate change), waste, contaminated land and water pollution, planning and control of pollution, and nature conservation. The author also assesses the contribution of European environmental law on the law within Scotland.

Politics of International Law and International Justice Aug 03 2020 An introduction to international law for politics and IR students This textbook introduction to international law and justice is specially written for students studying law in other departments, such as politics and IR. Written by a lawyer and a political theorist, it shows how international politics has influenced international law. Edwin Egede and Peter Sutch show that neglected questions of justice and ethics are essential to any understanding of the institutions of international society. They walk students through the most crucial questions and critical debates in international law today: sovereignty and global governance, sovereign and diplomatic immunity, human rights, the use of force, sanctions and the domestic impact of international law.

Scottish Criminal Evidence Law Oct 25 2019 Why did Enlightenment happen in Edinburgh?
