Ilocano Dictionary and Grammar Jun 26 2019 This root-based dictionary of the Ilocano language is the most comprehensive dictionary produced of Ilocano (Iloko), the lingua franca of Northern Luzon, and historically the native language of the majority of Filipino immigrants to the United States. The body of the dictionary includes entries for roots and affixes with illustrative sentences, idioms, common derivations, and scientific names (when applicable). Ilocano synonyms are also furnished when appropriate. Derived words that undergo morphological fusion are listed as separate entries to facilitate lexical searches. There is also an affix cross-reference list to help the beginning student recognize root words. Unlike most dictionaries of Philippine languages, it has an extensive English to Ilocano section, information on the pre-Hispanic syllabary, and language maps of the Philippines showing where the largest concentration of Ilocano speakers reside. Of related interest: Let's Speak Ilokano, by Precy Espiritu

An Abridgement of Ainsworth's Dictionary, English and Latin Dec 13 2020

An Egyptian Hieroglyphic Dictionary Feb 24 2022 An Egyptian Hieroglyphic Dictionary, a two volume set written by Egyptian expert E.A. Wallis Budge, is quite simply one of the most comprehensive and detailed dictionaries of Egyptian hieroglyphs with English to accompany it. The series includes a detailed Introduction by the author with key words and glyphs, a bibliography of works used to help with translation and research, glyphs organized alphabetically by the Egyptian alphabet with accompanying words and English translations, tables of hieroglyphs with phonetic and numeric values and accompanying translations, lists of both Egyptian kinds and locations, and an Index of both English and Egyptian words. Volume II includes letters "S" through "TCH" of hieroglyphs and translations, a list of Egyptian kings and geographical locations, and the Indexes. SIR ERNEST ALFRED THOMPSON WALLIS BUDGE (1857-1934) was born in Bodmin, Cornwall in the UK and

discovered an interest in languages at a very early age. Budge spent all his free time learning and discovering Semitic languages, including Assyrian, Syriac, and Hebrew. Eventually, through a close contact, he was able to acquire a job working with Egyptian and Iraqi artifacts at the British Museum. Budge excavated and deciphered numerous cuneiform and hieroglyphic documents, contributing vastly to the museum's collection. Eventually, he became the Keeper of his department, specializing in Egyptology. Budge wrote many books during his lifetime, most specializing in Egyptian life, religion, and language.

A Dictionary of Select and Popular Quotations, which are in Daily Use Feb 01 2020

The Pimlico Dictionary Of Classical Mythologies Oct 11 2020 The Pimlico Dictionary of Classical Mythologies is a unique work of reference which breaks new ground by treating for the first time the classical mythologies of the Old World as a whole. Never before have the mythologies of Greece, Rome, Persia, India and China been encompassed in a single volume, despite the fact that the first four have much in common through their Indo-European ancestry. Arthur Cotterell shows how much more can be understood about 'classical mythology' by comparison and contrast of its five major traditions. Another key aspect of The Pimlico Dictionary of Classical Mythologies is that the myths are not simply recounted; their least accessible features are helpfully interpreted by reference to the culture in which they arose. Thus, for example, the profound influence of the Iranian prophet Zoroaster's thinking on Persian mythology is made clear, along with the far-reaching consequences its adoption would later have for Christian thought. The Pimlico Dictionary of Classical Mythologies also includes over two hundred original illustrations, which have been specially commissioned

in order to reveal how gods and goddesses, heroes and heroines, sages, villains and demons were actually envisaged during the classical period. Taken together with the well-devised entries and the informative introduction, these unusual illustrations make The Pimlico Dictionary of Classical Mythologies an indispensable handbook for both students and the general reader.
