Financial Modeling and Valuation Apr 03 2020 The fully revised new edition of the best-selling guide to using financial models to determine if a stock is over or undervalued Written by the founder and CEO of the world-renowned New York School of Finance, Financial Modeling and Valuation provides clear and systematic guidance on accurately evaluating the soundness of a stock investment. This invaluable handbook equips investors with the tools necessary for understanding the underlying fundamentals of a rational investment and for making smarter investment decisions in any market environment. Built around an in-depth case study of global retail leader Amazon, this fully updated Second Edition shows you how to analyze the financial standing of a company using the methods of Wall Street professionals. Step-by-step, you will learn to build the core three statements—income statement, cash flow statement, and balance sheet—as well as the three major supporting schedules required for complete company valuation and analysis. All line items are explained in clear language and include real-world tips and techniques for using them as tools for valuing and managing a business. This must-have guide: Features new and in-depth case studies based on Amazon that simulate real-world modelling and valuation Explains valuation techniques such as illustrative comparable company analysis, precedent transactions analysis, and discounted cash flow analysis Covers all essential applications of a model, including pricing a stock, raising debt, and raising equity Includes an introductory section describing the recent and dramatic shift of the entire retail industry Provides end-of-chapter questions, downloadable practice models, additional case studies, and common interview questions via a companion website **Financial Modeling and Valuation: A Practical Guide to Investment Banking and Private Equity, Second Edition** is essential reading for finance professionals, venture capitalists, individual investors, and students in investment banking and related degree programs in finance.

The Complete Guide to Property Investment Jul 27 2019 From the author of Amazon best-sellers "Property Investment For Beginners" and "Beyond The Bricks" Over the last 20 years, more than a million Brits have made life-changing profits from buy-to-let. But as prices keep rising and the tax landscape changes, investors need to get smarter in order to succeed. It's far from "game over," but the game is changing... for the better. The unwary and under-prepared will be squeezed from the market - leaving educated, strategic investors to have their best decade yet. The Complete Guide To Property Investment gives you the insight, information and action plan you need to navigate this new property landscape and come out on top. It starts by demonstrating - with real-life examples - a range of strategies suited to achieving different investment goals. Only then does it take you step by step through every aspect of researching, financing, buying and managing investment properties. You'll learn: How to formulate a strategy suited to achieving your investment goals Everything you need to know about financing your investments An exact step-by-step research process you can use to decide what to invest in How to manage your investments What the property cycle is, and how you can use it to your advantage How to build a profitable portfolio for the long-term - including scaling up, surviving recessions, and exit strategies. Whether you're turning to property to secure your retirement, start a new career or generate a stream of passive income, this book will be the most valuable investment you make.

Guide to Investment Strategy Aug 20 2021 Now in its fourth edition, this classic guide to investment strategy has been revised to give up-to-date ideas on pensions, investments of passion and more. Peter Stanyer and Stephen Satchell's Guide to Investment Strategy looks at the risks and opportunities of uncomplicated strategies and comes with wealth warnings for those who wish to explore more sophisticated approaches. It explains the importance of insights from behavioral analysis, the principles of traditional finance, and highlights how habitual patterns of decision-making can lead any of us into costly mistakes. After all, markets are most dangerous when most rewarding.

The Trustee Guide to Investment Apr 27 2022 It is not easy to have the confidence and competence to manage a pension scheme successfully. In this book, Andrew Clare and Chris Wagstaff provide a uniquely objective and practical guide to the range of markets, investments, tools and techniques to which trustees are regularly exposed. They indicate how best to get to grips with investments, carefully navigating through the mystifying jargon. This is a book no pension fund trustee should be without.

The Financial Times Guide to Investing May 29 2022 THE FINANCIAL TIMES GUIDE TO INVESTING Two of the greatest myths about investment are, firstly, that financial assets and markets are hideously complicated and confusing, and secondly that you have to pay 'experts' to make far greater returns on your money than you could achieve on your own. In truth the most important things you need to know about investing are based on common sense. The Financial Times Guide to Investing will introduce you to the practical art of investing, and show you how to

invest more successfully, whether you are actively involved in investing or simply thinking about it. In addition to providing a simple guide to understanding how financial markets operate, it will allow you to follow and act on your own judgements based on a case studies and worked examples, giving you the expertise to experiment successfully with shares, bonds, funds and derivatives. Comprehensive and authoritative, this is the definitive guidebook to building your personal financial portfolio and investing in the financial markets with skill and confidence. *The Everything Guide to Investing in Your 20s & 30s* Feb 23 2022 All you need to know about investing safely and smartly, with new information on the latest options—from cryptocurrencies to social media IPOs—in this comprehensive and updated guide to understanding the current market, setting realistic goals, and achieving financial success. For years, *The Everything Guide to Investing in Your 20s and 30s* has been guiding young professionals on how to capitalize on the investing market and make the most out of their money. This all-new and fully updated edition includes all of the tips, tricks, and investing knowledge while also explaining: —New technological investing options —How the changing political climate affects your money —What the rising interest rates mean —Active investing versus passive investing *The Everything Guide to Investing in Your 20s and 30s* teaches you how to maximize your investing strategy and make your money work for you. Don't wait. Start investing today!

Investors Chronicle Beginners' Guide to Investment Jul 31 2022 A new completely revised and updated edition of Bernard Gray's bestselling book. Britain's leading stockmarket weekly shows how the markets operate and explains which investments to back - and which to avoid. Diagrams and charts explain difficult concepts like futures. Each chapter ends with a 'nutshell' summary of the main points for easy reference. *The Investment Assets Handbook* Jan 13 2021 Investors who build diversified, multi-asset portfolios, have an ever increasing range of investment assets at their disposal. In order to invest effectively - and build a solid, performing portfolio - it is essential for investors to understand each of these single asset classes and how to use them in portfolios. The *Investment Assets Handbook* covers the full spectrum of different asset classes and investment types available today, providing investors with the definitive information they need to reach an understanding of the broad range of investment assets. The *Handbook* is divided into four parts: 1. An introduction to asset classes, including how they should be defined, the main features that can be used to characterise asset classes and the roles that different assets fulfil within a multi-asset portfolio. 2. Traditional assets, including global equities, fixed income and cash. 3. Alternative assets, including real estate, commodities, private equity and hedge funds. 4. New alternative investments, including currency, infrastructure, structured finance, leveraged loans, structured products, alternative or smart betas, volatility, art, insurance-linked securities and timber. Each asset chapter within these sections provides a description of the asset and its characteristics, its historic performance, how to model its future long-term performance, the role it performs in a multi-asset portfolio, its risks, how to access it, and other relevant topics. Long-term investment themes that may impact the future behaviour of assets and investing generally are also highlighted and discussed. The *Investment Assets Handbook* is the essential guide that investors need as they navigate the universe of investment assets and build multi-asset portfolios.

Investing for Dummies - UK May 17 2021 The easy way to demystify the intimidating world of investing in the UK market Think investing is only for the super-rich? Think again! How the Stock Market Works Jun 17 2021 Now more than ever, people are being affected by the fluctuations in the global economy and by financial uncertainty - with major impacts on their savings, portfolios and pensions. Fully updated for this fourth edition, *How the Stock Market Works* tells investors what is being traded and how, who does what with whom, and how to evaluate a particular share or bond in light of rival claims from critics and admirers. From the practical consequences of being a shareholder to a basic coverage of the taxation regime, the book provides a wealth of information on individual product types as well as the key players themselves.

A Beginner's Guide to Investing Nov 03 2022 Whether you're a complete investing novice or just confused about all the contradictory advice out there, *A Beginner's Guide to Investing* is an accessible guide to growing your money the smart and easy way. Throw away the get-rich quick schemes that never work and turn off the financial news and it's constant noise. Whether your dream is protecting your assets in a turbulent market or growing your wealth so that you can retire in style, this book is the blueprint. You can be a successful investor - really. Join Ivy Bytes, an innovative start-up dedicated to creating accessible content on crucial issues, and Alex Frey, a lifelong investor and Harvard MBA, as they show you: - How you can realistically expect to double your money every 7-10 years - Why most investors achieve stunningly poor returns on their money - and how to avoid turning into one of them - How to choose an investment account that you can keep for the rest of your life - How to out-perform the vast majority of professional investors while taking less risk - How to quickly create a portfolio of diversified ETFs (exchange traded funds) - How to put in as few as three to five hours every year on your investing - and still beat 80% of investors - Why you may not be properly diversified in holding the most popular index mutual funds - How endowments like Yale university have consistently beaten the overall stock market - and what you can learn from them - Why the vast majority of mutual funds fail to live up to their promise - Why your financial adviser and mutual fund manager might be getting more rich than you off of your investments - What the terms "beta" and "alpha" mean - and why understanding them is critical to retiring rich - How to maximize your tax savings by using a 401(k) and IRA - When and how to re-balance your portfolio - How to have the confidence to manage your money for life - And more. About the Authors Alex Frey has been engrossed in the investing world since the age of 16. He has served previously as a research analyst for a major mutual fund company. Alex has successfully passed all three Chartered Financial Analyst examinations, and has an MBA from the Harvard Business School. He lives in San Francisco, CA. When he is not writing, he enjoys reading, investing, and doing just about anything outdoors. Ivy Bytes is an innovative start-up building authoritative, yet accessible guides to subjects in the fields of politics, current events, economics, and finance. Ivy Bytes books are thoroughly researched and extensively fact-checked, so that you can be sure you are getting the latest in mainstream thought - not misguided conspiracy theories or reckless self-promotion.

Teen Investing Aug 08 2020 Jack Rosenthal writes "The Ultimate Guide to Teenage Investing" Jack Rosenthal is the founder of the Young Investors Club, LLC, one of the largest teen investment organizations in the world with close to 100 members and over \$115,000+ under management. He also manages a private investment fund for select outside investors. He has personally mentored 100+ students on investing and is considered an authority on teenage investing. In this book you will learn: - How, why and where to invest - How to earn money to invest - Key

terms every investor should know- How to analyze a stock through the Yahoo Finance portal- How Jack founded one of the largest teen investment clubs- What metrics and techniques Jack uses to look for investments for his own investment portfolio Note from the author: I've spent the last couple of months writing this book and detailing the EXACT investment techniques that I personally use. I highly recommend this guide to anyone from the ages of 13-21 who is looking to start or grow their own investment portfolio

The Economist Guide to Investment Strategy 4th Edition Jul 07 2020 The classic guide for the individual investor, The Economist Guide to Investment Strategy sets out the basic - and the not-so-basic - principles for putting your wealth to work. It looks at risk, pointing out the hazards for those who wish to explore a variety of investment approaches. It also teaches the importance of sophisticated self-knowledge in finance, distilling insights from behavioural analysis as well as the principles of traditional finance. It highlights how habitual patterns of decision-making can lead any of us into costly mistakes, and it stresses how markets are most dangerous when they appear to be most rewarding. This fourth edition includes new material on private investment and non-standard asset classes - art, wine, collectibles and the like - helping readers to navigate those areas in which prudence meets passion.

Investing in Stocks and Shares, 9th Edition Nov 30 2019 A revised, fully updated 9th edition of this bestselling book about investing in stocks and shares. This book, first published in 1992, is one of the most enduring guides to investment in the stock market ever published. Now in a thoroughly revised, updated 9th edition this bestselling volume has been written and kept up to date by a professional long-term investor. It explains in plain English how the stock market works; what affects share prices; how to avoid unnecessary risks; and how you can invest successfully in shares, bonds, gilts, options and futures over the long term. It gives step-by-step guidance on: · how to trade on the stock market, whether it's going up or down; · successful stock investment strategies; · investing at minimum risk in traded options and futures; · buying bonds, gilts and interest-bearing deposits.

The Only Investment Guide You'll Ever Need Sep 20 2021 Completely updated, this personal finance classic is so full of tips and angles that only a boobie or a billionaire could not benefit ("New York Times")."

Property Investment for Beginners Jun 05 2020 Updated for 2015! The recession is over, house prices are heading steadily upwards again, and you're convinced that property could be your key to financial freedom. And it could. But where do you start? Do you invest near where you live, or wherever yields are best? Do you rent to families, or professionals, or students? Should you be trawling through Rightmove or lurking at property auctions? This short book covers the big questions you should be asking yourself before you so much as glance at an estate agent's window. It contains a jargon-free explanation of basic investment principles, summaries of the major post-crunch investment strategies, and advice on developing a mindset that will support your long-term success. The book also includes a curated "further reading" list of recommended books, magazines, forums, blogs and podcasts to help you confidently take your next steps in your property investment journey. You'll learn...

How to pick an investment strategy that matches your skills and goals The only three calculations you need to know to size up any deal An overview of every major investment approach, from the most safe and boring to the probably-not-a-good-idea-but-here-you-go-anyway How to (safely and sustainably) stretch a limited pot of cash to build whatever size portfolio you want ...although you will need to endure some pretty shocking jokes along the way. Sorry about that. Praise for "Property Investment For Beginners"... "The book is very easy to read and the explanations are very clear, with some good humour to boot! With a good set of references and online links, this book is a must for anyone interested in property investment." - P Cowley "A property investment book that keeps it simple. I really enjoyed it, and will use it as my main point of reference. Unlike most of the other books, the reader doesn't have to endure the rags to riches rubbish and the inevitable sales pitch for further training." - Nesser "I stumbled across this book randomly on Amazon and I'm so pleased I did - it has given me an excellent overview of what it is to invest in property and has really helped me to focus on my specific goals. It has also opened my eyes to a world of useful tools and contacts which I may never have found without it. Other books may have been able to do this but I'm not sure they would've been so enjoyable to read. If you are thinking of investing in property, or perhaps already are but want to take it further, this is a must read book." - whatkatythinks "When you buy this book, you are not only getting a property wizard, you are also getting a warm-hearted guy. In his book, Rob mentions several times that you can contact him via email and he'll try to help you out. And HE DID! I tentatively emailed him with some questions and he replied right away! Of course, I know he's probably not able to do this for everybody, but even if he just replied to one question, he has proven that he's genuine and kind. And what he replied me with is thoughtful, honest and probably saved me a fortune in the end. Totally worth every penny. Get the book!" - kaitlinjj Scroll up and hit "Buy Now" to start turning your property dreams into reality!

The Bogleheads' Guide to Investing Jan 01 2020 Within this easy-to-use, need-to-know, no-frills guide to building financial well-being is advice for long-term wealth creation and happiness, without all the worries and fuss of stock pickers and day traders.

The Financial Times Guide to Value Investing Sep 28 2019 Provides tools for analysing investments and gives advice to the ordinary investor on strategies and techniques. • In the current economy, many companies are priced lower than usual, therefore it's the perfect time for value investing. • Includes insight from traders who have understood stock price behavior, and achieved enviable performance records. • Intellectually rigorous without being academically turgid. Value Investing is an investment strategy that generally involves buying shares in companies that appear under priced, it's considered to be cautious, or contrarian approach to investing but for most value investors it has delivered huge returns. The ideas derive from the investment theories of Ben Graham and David Dodd who taught at Columbia Business School in the 1920's. Famous proponents include Warren Buffett, John Templeton, Charlie Munger, Joel Greenblatt and Anthony Bolton.

The Financial Times Guide to Investing Jan 25 2022 "The most damaging half truth for savers is "performance matters more than expenses". Read this book carefully and the financial services industry will have one fewer easy victim, but you will have a sound base for a lifetime of successful investment.' Martin White, Chair of UK Shareholders Association This is one of those great big books to buy and then tuck away for constant reference. It's a tour through everything from managing a portfolio to establishing a fair intrinsic value for a share. If it moves in the world of investing, it's probably here.' David Stevenson, 'Adventurous Investor' in the Financial Times 'Informative and easy to read, Glen Arnold has produced arguably the most comprehensive book there is today on stock market investing and one that unquestionably will give an edge to any retail investor. This is a must read for anyone serious about investing.' Simon Thompson, Companies Editor, Investors Chronicle AN UPDATED VERSION OF THE BESTSELLING INVESTING BOOK IN THE UK The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing by debunking the myth that investing is only for the wealthy. Bestselling author Glen Arnold covers the basics of what investors do and why companies need them, through to the practicalities of buying and selling shares and how to make the most from your money. Learn how to understand different types of investment vehicles, pick the right companies and understand their accounts so you can compile and manage a sophisticated portfolio. The fourth edition of this investing classic has been thoroughly updated and will give you everything you need to choose your shares with skill and confidence. New for this edition: Updated insights into the inner workings of stock markets, new accounting rules and dangers to watch out for when looking for investment gems Recent Financial Times articles, and the latest statistics to illustrate and expand on case studies and examples Detailed updates of changes to tax rules and rates

The Bogleheads' Guide to Investing Jun 25 2019 The irreverent guide to investing, Boglehead style The Boglehead's Guide to Investing is a DIY handbook that espouses the sage investment wisdom of John C. Bogle. This witty and wonderful book offers contrarian advice that provides the first step on the road to investment success, illustrating how relying on typical "common sense" promoted by Wall Street is destined to leave you poorer. This updated edition includes new information on backdoor Roth IRAs and ETFs as mainstream buy and hold investments, estate taxes

and gifting, plus changes to the laws regarding Traditional and Roth IRAs, and 401k and 403b retirement plans. With warnings and principles both precisely accurate and grandly counterintuitive, the Boglehead authors show how beating the market is a zero-sum game. Investing can be simple, but it's certainly not simplistic. Over the course of twenty years, the followers of John C. Bogle have evolved from a loose association of investors to a major force with the largest and most active non-commercial financial forum on the Internet. The Boglehead's Guide to Investing brings that communication to you with comprehensive guidance to the investment prowess on display at Bogleheads.org. You'll learn how to craft your own investment strategy using the Bogle-proven methods that have worked for thousands of investors, and how to: Choose a sound financial lifestyle and diversify your portfolio Start early, invest regularly, and know what you're buying Preserve your buying power, keeping costs and taxes low Throw out the "good" advice promoted by Wall Street that leads to investment failure Financial markets are essentially closed systems in which one's gain garners another's loss. Investors looking for a roadmap to successfully navigating these choppy waters long-term will find expert guidance, sound advice, and a little irreverent humor in The Boglehead's Guide to Investing.

FTGU. Baron Oct 02 2022 Making your capital work hard has never been more important than it is today. Investment trusts, often overlooked as an investing vehicle, are a key tool in getting better returns on your money. The Financial Times Guide to Investment Trusts is your concise and jargon free introduction to one of the City's best kept secrets. It explains how investment trusts differ from unit trusts and OEICs and explores the pros and cons of investment trusts including their superior performance. It also helps you identify your investment objectives, discusses the basic principles of successful investing, and how to run a trust portfolio. Whether you are a novice DIY investor or have many years' experience and wish to question the experts; the FT Guide to Investment Trusts: · Provides a detailed overview of what investment trusts are and how they differ from other funds · Examines the factors which help to explain the better performance of trusts - including cheaper fees, discounts and gearing · Analyses the stepping stones to successful investing · Shows you how to construct and monitor a trust portfolio · Highlights the workings of two live and benchmarked portfolios which John has been sharing with Investor Chronicle readers over the years.

Risk Less and Prosper Dec 24 2021 A practical guide to getting personal investing right Somewhere along the way, something has gone very wrong with the way individuals save and invest. Too often, households are drawn in by promotional suggestions masquerading as impartial investment advice. Consumers get saddled with more risk than they realize. Authors Zvi Bodie and Rachelle Taquu understand the dilemma that today's investors face, and with Risk Less and Prosper they will help you find your financial footing. Written in an accessible style, this practical guide skillfully explains why personal investing is all about you—your goals, your values and your career path. It shows how to understand investment risk and choose the particular blend of risk and safety that is right for you. And it lays out several simple yet powerful ways for small investors to cast a reliable safety net to achieve their financial goals and truly prosper. Coauthors Bodie and Taquu challenge the myth that all investments require risk, then highlight some important risks that families often disregard when deciding where to put their money. Later, they connect the dots between investment and investor, showing us all how to grasp our own investment risk profiles and how we may use these insights to make more fitting investment choices. Outlines a straightforward way to invest by aligning your investments with your goals and the risk levels you can bear Provides basic investment abc's for readers who are otherwise literate Lays out a simple, actionable plan for achieving your goals Explains the role of risk-free assets and investment insurance in assuring that you reach your most essential goals Contrary to popular belief, investing doesn't have to be complicated. You can build wealth without taking great risks. Risk Less and Prosper will show you how to make investment decisions that will make your financial life less stressful and more profitable.

Wall Street Words Mar 15 2021 Featuring some 4,500 entries, including more than seven hundred new additions, this handy financial reference defines financial terms, explains investment strategies, and offers case studies demonstrating the application of investment concepts. Original.

The Five Rules for Successful Stock Investing Sep 08 2020 The Five Rules for Successful Stock Investing "By resisting both the popular tendency to use gimmicks that oversimplify securities analysis and the academic tendency to use jargon that obfuscates common sense, Pat Dorsey has written a substantial and useful book. His methodology is sound, his examples clear, and his approach timeless." --Christopher C. Davis Portfolio Manager and Chairman, Davis Advisors Over the years, people from around the world have turned to Morningstar for strong, independent, and reliable advice. The Five Rules for Successful Stock Investing provides the kind of savvy financial guidance only a company like Morningstar could offer. Based on the philosophy that "investing should be fun, but not a game," this comprehensive guide will put even the most cautious investors back on the right track by helping them pick the right stocks, find great companies, and understand the driving forces behind different industries--without paying too much for their investments. Written by Morningstar's Director of Stock Analysis, Pat Dorsey, The Five Rules for Successful Stock Investing includes unparalleled stock research and investment strategies covering a wide range of stock-related topics. Investors will profit from such tips as: * How to dig into a financial statement and find hidden gold . . . and deception * How to find great companies that will create shareholder wealth * How to analyze every corner of the market, from banks to health care Informative and highly accessible, The Five Rules for Successful Stock Investing should be required reading for anyone looking for the right investment opportunities in today's ever-changing market.

Expected Returns Jan 31 2020 This comprehensive reference delivers a toolkit for harvesting market rewards from a wide range of investments. Written by a world-renowned industry expert, the reference discusses how to forecast returns under different parameters. Expected returns of major asset classes, investment strategies, and the effects of underlying risk factors such as growth, inflation, liquidity, and different risk perspectives, are also explained. Judging expected returns requires balancing historical returns with both theoretical considerations and current market conditions. Expected Returns provides extensive empirical evidence, surveys of risk-based and behavioral theories, and practical insights.

Impact Investment, + Website Mar 27 2022 Apply a rigorous investment process and integrate social impact analyses to successfully select and invest in social impact investments **Impact Investment: A Practical Guide to Investment Process and Social Impact Analysis** is a must-read guide for investors and wealth managers entering the social finance investment space known as "impact investing." This book walks readers through the demanding task of properly executing an impact investment strategy, providing solutions to some of the most vexing challenges that arise when investing for both financial return and social impact. Readers will learn how impact investing is different from other strategies, how the organization's mission affects investment decisions and structures, and what to look for in an organization prior to investing. A running example of a village distribution company illustrates the methods and concepts in action, and a full-fledged case study utilizing downloadable professional level analytical tools consolidates all examples into a real-world setting. Impact investing is generating significant momentum, but many individuals operating in this space come from alternative backgrounds and lack the knowledge to form a rigorous investment process. Disparate funding sources, immature markets, variations in fund economics, and the need to generate and report social impact all complicate the industry even further, creating a barrier for curious investors. This book is a guide to applying standard investment processes and social impact analyses to impact investing, helping readers: Adjust standard analysis techniques to suit the particularities of impact investing Discover how social mission influences the entire investment from entry to exit Plan and execute a robust custom impact investment strategy Understand social impact entities and the management of impact investments Investing with the goal of social impact doesn't remove the need for rigorous investment techniques and diligent processes. **Impact Investment: A Practical Guide to Investment Process and Social Impact Analysis** is a guide to putting it all together, for a more targeted approach to impact investing.

What Works on Wall Street Mar 03 2020 Analyzes the past performance of a variety of popular stock investment strategies

The Financial Times Guide to Investment Trusts Dec 12 2020 Making your capital work hard has never been more important than it is today. Investment trusts, often overlooked as an investing vehicle, are a key tool in getting better returns on your money. The Financial Times Guide to Investment Trusts is your concise and jargon free introduction to one of the City's best kept secrets. It explains how investment trusts differ from unit trusts and OEICs and explores the pros and cons of investment trusts including their superior performance. It also helps you identify your investment objectives, discusses the basic principles of successful investing, and how to run a trust portfolio. Whether you are a novice DIY investor or have many years' experience and wish to question the experts; the FT Guide to Investment Trusts: · Provides a detailed overview of what investment trusts are and how they differ from other funds · Examines the factors which help to explain the better performance of trusts – including cheaper fees, discounts and gearing · Analyses the stepping stones to successful investing · Shows you how to construct and monitor a trust portfolio · Highlights the workings of two live and benchmarked portfolios which John has been sharing with Investor Chronicle readers over the years.
