Adventures of a Serial Entrepreneur May 24 2022 Bio of a Serial Entrepreneur, first editionSerial Entrepreneur, second editionWilliam G. Forhan, known as Bill Forhan, was born, raised, and educated in Michigan, and he also spent the major part of his life in business in Michigan before relocating to Florida to continue in business ventures.Upon retiring five years ago from major businesses, Bill decided to write Bio of a Serial Entrepreneur, first edition.The first-edition book was written with the intension of reflecting on his business and personal life.He decided to share his story with readers that seek reading enjoyment and share some business insight.His retirement from major businesses is because of the slow onset of Parkinson's disease, which has limited his mobility in walking or doing sports, which he misses (golf and tennis). Also, he has a breathing disorder that he has gained control over (emphysema).He has a clear, creative mind and is computer literate. Becoming an author started a new career.For clarity purposes, an entrepreneur is an individual who sets up business or businesses; identifies and solves problems, I creative, innovative, an opportunist, a risk-taker, a self-starter, and open-minded with the hope of making a profit from the enterprise.The major types of entrepreneurs:Serial entrepreneur. Continuously comes up with new ideas, starts the businesses, and oftentimes sells to investors or shareholders. Serial entrepreneurs start the businesses with little intention of operating any of them for a long time. They are high risk-takers with lots of unique ideas and are not always interested in a career with a particular business/company.Lifestyle entrepreneur. Creates profit from pure passion. The lifestyle entrepreneur chooses to build a business they are passionate about and grows the business into a long-term, residual income that is sustainable.Social entrepreneur. Pursues solutions to social problems. As a serial entrepreneur, Bill has started and purchased over fifty-five companies in multiple industries ranging in a size of five employees to two hundred. The companies were in the travel and medical industries. Seven of the companies were public trading on the OTCBB (over-the-counter BB), and seven operated as private companies.He was the CEO of all the companies and took the profits of many companies to purchase or start up new companies; this included the risk of his personal funds for investments.During Bill's business years, he traveled to many destinations: ten European countries; South America: Rio de Janeiro; Asia: Hong Kong; and Hawaii, one hundred times over.He cruised the Caribbean over twenty-five times and visited many resorts in North America and more.His story will take you down his memory days of over fifty years of building many companies, some winners and some losers.Bill has had several success stories and some mistakes through his journey.We hope you can enjoy reading and find wisdom in how to become an entrepreneur by reading Serial Entrepreneur.

How Asian Brands Soar 5 Mar 10 2021 How many of the following names or companies have you heard about? Sea, Pathao, Shiseido, Tik Tok, OYO Room, Kweichow Moutai, Bytedance, Foxconn, Delfi Limited, and Vipkid? Some names might sound familiar to you, but others may not. There are all different in terms of origin, area of focus, style of business, etc. Interestingly, however, there is one thing in common: They all started as a small, unknown start-up or venture project in Asia, but they achieved a phenomenal success by transforming their humble origins, misfortune, or hardship into great opportunities and explosive fortune. Most importantly, they achieved spectacular success by occupying a special place in the hearts of consumer in their respective business area. Each brand or company contains an extraordinary story in their journey to becoming incredibly successful. You may be curious how such Asian brands and companies, some of which were not known so just 3 to 5 years ago, become incredibly successful in such a short period of time. How did these incredible brands soar with wings like eagles against all difficulties while many others struggled or failed under the fast-changing, turbulent environment? How were they able to take a quantum leap in terms of brand value by transforming their humble origins or crises into great opportunities and explosive successes? How did they achieve spectacular success in their areas of businesses by occupying a special place in the heart of consumers? The main purpose of this book series is to help you clearly understand how these Asian brands became incredibly successful in such a short period of time. Behind each case is a story that details the business's challenging yet exciting journey to becoming extraordinarily successful. The success stories of these Asian brands seem mysterious to many people. However, revisiting these companies' milestones and strategies may open the door to solving the seeming mysteries and give you valuable insight and break-through thinking for your own career and business. We hope you can learn how they turned their humble starts or mediocrity into great successes in the fast-changing, turbulent times, and then apply what you learn into your career and business to control your destiny in the age of rapid technological progress and great opportunity.

Publishing Is Insanity Dec 07 2020 Book 1: Publishing has become an opportunity for many authors, stay-at-home dads, hard workers, narrators, cover designers, writers (different than authors I presume), and the like. However, evil giant companies (one in particular) are sucking the life out of customers and the creativity out of authors to feed their greed and crush competitors in unethical ways. After self-publishing for several years now, fulltime, and making more than an average fulltime living with it, I can attest to all the dirty secrets they are trying to keep from honest, average Joes behind the screen. This book is meant to shock you, but not with false information. All stories and quotes are based on true accounts from victims and experienced entrepreneurs. You will read, among others (here comes the list you can actually find on the content page): - How one of the richest companies pays less taxes than you do, even though they make billions in profit. - Why monopolies are hurting both customers and sellers in a lazy economy, and why we may be all doomed if we continue this way. - Law transgressions and sleazy tricks the before-mentioned company has stolen money and/or market share to grow their monstrous empire. - Why most positive reviews and star averages on the company's enchanting website are actually fake, which makes a lot of sense if you really take the time to think about it. - Money-making loopholes in a flawed system that can help you make tens of thousands of dollars extra (not kidding), because they're too stupid or arrogant at headquarters to update their bots. - Lies to the public, their loyal customers, and their diligent sellers. - How E-Books, paperbacks on demand, and audiobooks have evolved over the years. On a different note, I hope you're still happy and curious enough to click the "buy" button. That way, I can be rewarded for the many hours I spent writing this stuff, and the willingness to reveal things nobody should actually know about. Book 2: Yes, you can make money self-publishing books. What do you think I'm doing now by putting this book out there? However, it's not easy. In fact, it's super stressful, heart-breaking, frustrating, and sometimes bordering insanity. The fake reviews, the high volume, the corrupted companies that own monopolic market shares... it all adds up. And then, if you expect to get paid and they suddenly decided to "investigate your account" and steal all your royalties, you need some kind of therapy. That therapy is writing it all down in a book. May Azoo's sins be exposed to the infernal depths of hell. May they rot in their filth and the income they have stolen from thousands and thousands of hardworking dropshippers, publishers, and more honest competitors. May the taxes we paid and they have received by playing evasive games be the nails to their coffin. The truth has been buried long enough. Each year, their sins of greed grow, and their insatiable, ruthless desire to crush their competitors and the very people who helped them grow their evil empire, expand. I wish you well in your publishing and business endeavors. May these stories and warning signs guide you to estimate where the boundaries are, what you can get away with, and what will get you into trouble. Written by a fulltime publisher who has achieved six figures in revenue for 4 consecutive years with online book-pumping, and in which 4 years 3 years were six figures in profit. Learn from the best. Go through hell and you will achieve the rest. Don't be shocked. Good luck.

Starting a Business with No Cash Feb 09 2021 This book is written to be extremely actionable and simple to execute

particularly for completely new players with little expertise whatsoever, but it also adds a ton of interest to you if you've been in the market for quite some time and were uncertain about beginning a business with a massive cash, guess what you don't need huge cash to launch your dream business. It is not "just electronic book of business" I am inclined to differentiate myself from several other books on this topic, so I've provided a variety of business ideas that you can launch with no money. You will get set up perfectly within a week if you follow along and take steps, put your first business to life and eventually get a massive sum of money at the end of the day. Here are some of the amazing chapters in this book; *WHAT'S REQUIRED TO START A BUSINESS? *HOW TO BEGIN A BUSINESS WITH NO CASH*ARE YOU WILLING TO START A BUSINESS WITHOUT ANY MONEY?*HOW TO START A NO-MONEY BUSINESS *5 DIGITAL BUSINESSES YOU CAN START WITH NO MONEY*HOW TO START A BUSINESS WHEN YOU BASICALLY HAVE NO RESOURCES Most of the points mentioned are discussed in detail such that all you have to do is step through, do as is recommended and get it all set up within days. This is definitely one of the easiest places to get started online, gain immensely and calculate what happens in the process. Only launch, and scale up as you go!! present to you just what I would be doing if I began from scratch, with the experience I have now. Look at this book as a path taking you across several hurdles and stumbling blocks. I hope you can enjoy it, and take huge action on some of the many ideas listed in this book! The book will direct you through tips, case studies, and professional guidance for financial performance in over 100 market fields. Some of such business ventures are low-cost start-ups and some of them do not require a starting capital. Only seasoned businessmen will expand their ability set with the guides in this book, bringing you from zero sales to a realistic target. These market strategies will operate in every nation and any financial climate. Take action now and start making money

How Asian Brands Soar 4 Jan 28 2020 So many changes are happening and coming in Asia. A small start-up, locally founded in Malaysia became a very successful brand in Asia. The small start-up battled against one of the most powerful companies in the category of business. At the beginning of its business, the small company was in a much worse situation compared to the established market leaders such as Uber in almost every aspect of business infrastructure, resources, and competencies. This is the story of Grab in the ride-hailing business in Asia. How was the small start-up able to grab the hearts of Asian consumers and transform itself into such a powerful brand within the short period of 5 to 6 years? Some spectacular news have also appeared in the automobile industry. Geely, a company which once produced refrigerators, scooters, and auto-bicycle wheels, became one of the three biggest car makers in China. The company, now called Geely Group, has owned the Swedish passenger car maker Volvo Cars since 2010 and became the biggest shareholder of Mercedes-Benz by owning 9.7% of its stocks. This kind of incredible transformation from a poor-quality or mediocre brand into a high-quality, top-selling brand is occurring all over Asia and will soon bring significant changes to the West and other countries. In addition to Grab in ASEAN and Geely in China, many other brands have been rising as incredibly successful brands all across Asia. The list may include Bluehole, Ctrip, Sony, Indomie, bKash, Patanjali, Traveloka, WeChat, and Maxim Group. All of these Asian brands achieved great success or re-created themselves as new leaders while many others struggled or failed under the fast-changing, turbulent environment. How were they able to take a quantum leap in terms of brand value by transforming their humble origins or crises into great opportunities and explosive successes? How did they achieve spectacular success in their areas of businesses by occupying a special place in the heart of consumers? The main purpose of this book series is to help you clearly understand how these Asian brands became incredibly successful in such a short period of time. Behind each case is a story that details the business's challenging yet exciting journey to becoming extraordinarily successful. The success stories of these Asian brands seem mysterious to many people. However, revisiting these companies' milestones and strategies may open the door to solving the seeming mysteries and give you valuable insight and break-through thinking for your own career and business. Scratch To A Million: How To Create A Business From Nothing And Build A Multimillion Pound Turnover Aug 27 2022 Are you looking for help to grow your business? But you have no where to turn to, or no one to talk to who can help and advise you on what to do next. Then this short, full of value book is what you need to help you move forwards. In this book I'll be sharing my journey of how I started my businesses from scratch. When I say scratch, I literally mean starting from nothing. I'll show you how I took a desire to run my own business and built it from zero, to a million-pound turnover. I'll share with you everything I've learned and executed in my companies to help assist you on your journey. These are not secrets alone; they are the ups and downs of growing and scaling a business. Don't get me wrong, I'm not claiming to be an expert and I'm still learning every day myself, but I'm well into my journey and that's what I want to share with you, to help you to grow, build and develop a successful business. These experiences have cost me financially and emotionally as well as my time, but it's an investment that has been worthwhile. When I started my first business my aspirations were to reach a turnover of 1 million pounds. A few years in and I'm thankful to have achieved this goal, and more, and I'm looking forward to sharing how I did that with all you entrepreneurs. The aim of my book is to provide sound and solid advice to both existing businesses and new start-ups, and wherever you are on your business journey, I've included along the way short 'golden nuggets' and 'advice with

value' that I hope you can take and put into practice for yourself. You'll also find space to write your own notes, so do take time to scribble down those thoughts that pop into your head as you read through. If you've decided it's time to move on from existing in your current job, to a position of owning your own business, or if you've decided to follow your dreams and build your own business in hope of finding financial freedom, my hat goes off to you, because you're a doer and you're chasing your dreams."I hope that you can take inspiration and implement some of the strategies I have learned and implemented to build a company from Scratch to a million-pound turnover business." As Dean's business grows, his intention is to bring new insights into what it takes to make your first million (Scratch to a Million - this book), what can be learned from making £3-5 million, £5-10 million. Enjoy the journey of this, and your, success with Dean Thistleton, determined entrepreneur

Hope Is Not A Business Strategy Jul 26 2022 Are you relying on hope to expand your revenues and reduce your hours? Are you feeling overwhelmed by your small business? Working too many hours for too little pay? So focused on the daily headaches, you aren't even thinking about how to correct the course long-term? Don't worry. You are not alone! Every new (and veteran) business owner struggles with this very same challenge. Fortunately, there are tools and processes to seize your initiatives, take control of your business, and take control of your life. Just ask C.T. Knabusch, Jr. C.T. (Chuck) has spent his entire adult life in "operations," managing everything from supply chains to production floors to systems integrations. His 30+ year career has ultimately revolved around taking charge, fixing systemic problems, and delivering lasting results for business owners. Chuck has distilled all his expertise into this easy-to-read book, designed for leaders of small- and medium-sized businesses. Read Hope Is Not A Business Strategy and learn how to fix common problems such as: Not having enough time Trashed jobsites Too many emails Useless meetings Stretched budgets Subpar/late contractor work Missed customer deadlines Not finding time for family And much, much more. Whether you just have one problem you need to fix, or you want to completely overhaul your business, Hope Is Not A Business Strategy is a must-read.

Business Writing at Work Dec 27 2019 Business Writing at Work teaches the basics of business correspondence by having students work for a simulated company. They write the most common types of business correspondence used every day on the job. Because the tasks involve writing for various departments within the simulated company, students also learn how a typical company functions.

Letters to My Wife, A WWII Love Story Jun 01 2020 Letters that were found in a small cedar chest Mom saved that Dad wrote when he was in WWII. From 1942-1946 these letters tell interesting war stories & facts and a love story like no other. Dad wrote to Mom every moment that he could. Every breath & every step he took was for her. Dad was a "trailblazer" and fought on the front line in France and Germany. He was a radio man and was in charge of managing the location of his troop. This story will make you laugh and certainly make you cry. It is a truly amazing story!

The Faithfuls Apr 11 2021 Family always comes first. Alma, New York is the perfect town, right down to the coordinated shopfront decorations on Main Street, and Gina Dewar is the perfect wife, mother, daughter-in-law. She understands the responsibility that comes with marrying into America's golden family, and she tries not to burden her husband Bobby with drama from her own small-town past. But a summer house in the Hamptons doesn't always buy happiness, and the Dewars aren't quite as apple pie as they seem. When Bobby is publicly accused of having an affair cracks start to appear in the Dewar clan, and when he denies any knowledge, Gina faces an impossible dilemma. Should she stand by her husband, or listen to her sister-in-law, telling her that there is more to this story? As the town explodes with speculation, Gina tries to keep the gossips out of her marriage. After all, no one knows better than her that secrets should stay in the family. But then she hears the rumor that Bobby's supposed mistress is pregnant and she is shaken to the core. With the future of her family so uncertain, Gina is about to find out what she's willing to do to protect those she loves... A moving, emotionally gripping novel about family secrets and the space between loyalty and trust. A stunning new read for fans of Elin Hilderbrand, Emily Giffin and Jennifer Weiner. Readers love Cecilia Lyra: "ABSOLUTELY UNPUTDOWNABLE. Warm and emotional. I loved it completely from beginning to end... captured my heart from the first page... Discovering the Decisions within Your Business Processes using IBM Blueworks Live Nov 06 2020 In today's competitive, always-on global marketplace, businesses need to be able to make better decisions more quickly. And they need to be able to change those decisions immediately in order to adapt to this increasingly dynamic business environment. Whether it is a regulatory change in your industry, a new product introduction by a competitor that your organization needs to react to, or a new market opportunity that you want to quickly capture by changing your product pricing. Decisions like these lie at the heart of your organization's key business processes. In this IBM® Redpaper™ publication, we explore the benefits of identifying and documenting decisions within the context of your business processes. We describe a straightforward approach for doing this by using a business process and decision discovery tool called IBM Blueworks Live™, and we apply these techniques to a fictitious example from the auto insurance industry to help you better understand the concepts. This paper was written with a non-technical audience in mind. It is intended to help business users, subject matter experts, business analysts, and business managers get started discovering and documenting the decisions that are key to their company's business operations.

Hope Explored Leader's Handbook: What's the Best Future You Could Ever Imagine? Oct 25 2019 Leader's Handbook for this three-session, video-based evangelistic course showing that Christianity offers real hope, peace and purpose. There are few emotions more powerful than hope. But these days, hope often feels hard to come by. Where can we find a hope that won't disappoint us? Looking at the life, death and resurrection of Jesus in Luke's Gospel, this three-session series from Christianity Explored Ministries shows that Christianity is about real hope: a joyful expectation for the future, based on true events in the past, which changes everything about my present. It sounds good... but is it true? Whatever people do or don't believe, Hope Explored offers them an opportunity to explore, to

discuss and to discover the hope, peace and purpose Jesus offers. With only three sessions, Hope Explored does not require a huge time commitment from guests and is one of the easiest ways to introduce someone to Christianity. The Christianity Explored series can then be run as a follow-up course for those eager to explore the Christian faith more. The videos are presented by Rico Tice, Founder of Christianity Explored Ministries. They introduce the concepts for each session (Hope, Peace, Purpose) and deliver compelling Bible teaching from Luke's Gospel. The ideas are then discussed as participants look at the Bible passage together.

Taboo Business Questions Sep 23 2019 *Taboo Business Questions is a business book unlike any other you've ever read. It will challenge you. It will help you process business ideas. It will allow you access to a community of great minds with a wide variety of viewpoints. Simply put; it will help you answer questions you didn't even know you had so your business can thrive. I specifically wrote this book for entrepreneurs, small business owners, and business leaders, probably just like you. It started out with this crazy idea. An idea that small business owners had these certain questions they needed answered. But, didn't know how to (or didn't want to) ask. I believe that when a question can be phrased just right, the answer becomes obvious. So, I've set out to help you and many others get your answers. Throughout my time consulting, I've noticed that business owners are of a different breed. Maybe you've noticed this, too! They work these crazy hours, take on stress like it's no big deal, and never want to let it be known that they don't know something in their business. This is exactly why I wrote Taboo Business Questions. I recognized that business owners' egos get in the way from allowing them to ask the tough questions necessary to grow their business. Avoiding these questions tends to hurt a business's growth. So, I took seven taboo business topics and reformatted them into Taboo Business Questions. The whole goal with this book is to create a safe place where business owners can find a process to answering challenging questions about their business and keep their egos intact. I formatted each answer in the form of a process. I didn't want the book to be a "formulas and spreadsheets" type of business book. Everyone has a unique business. I didn't want the book to be filled with case studies on businesses from the 60s and 70s by an armchair quarterback. What good is that going to do? Business owners today need tools they can use and a process they can follow. Part of this process is accessing and participating in the forum I created on my website. It goes hand-in-hand with the whole premise of the book. With this forum, collaboration can happen organically among business owners, entrepreneurs, and other business savvy individuals with anonymity. I hope you enjoy the process!*

Validating Your Business Continuity Plan Mar 22 2022 *Business continuity planning is a process of continual improvement, not a matter of writing a plan and then putting your feet up. Attempting to validate every aspect of your plan, however – particularly in a live rehearsal situation – could create a disaster of your own making. Validating Your Business Continuity Plan examines the three essential components of validating a business continuity plan – exercising, maintenance and review – and outlines a controlled and systematic approach to BCP validation while considering each component, covering methods and techniques such as table-top reviews, workshops and live rehearsals. The book also takes account of industry standards and guidelines to help steer the reader through the validation process, including the international standard ISO 22301 and the Business Continuity Institute's Good Practice Guidelines. In addition, it provides a number of case studies based on the author's considerable experience – some of them successful, others less so – to highlight common pitfalls and problems associated with the validation process.*

The Small Business Turnaround Guide Jan 08 2021 *There is probably nothing more exhilarating, nothing that gets one's adrenalin flowing than when a business owner's plans come together and the business becomes a reality. The feeling of being "your own boss" brings on genuine euphoria. The proud new business owner is walking on air. Unfortunately, there is not always a happy ending. All too soon reality sets in and it is not always pretty. Reality takes the form of bills that have to be paid, customers who have to be satisfied and payroll deadlines that have to be met. These shattered dreams are not unusual. According to the United States Census Bureau 10% of United States businesses close each year and with them come shattered dreams and shattered lives. But it doesn't have to end this way. In "The Small Business Turn Around Guide: Take Your Business From Troubled To Triumphant," Sandy Steinman gives struggling business owners hope and he takes them through the steps to implement processes that solve the most common small business problems. These are the same processes that Steinman has actually implemented and which have added millions of dollars to his client companies' bottom line. Additionally, he makes available at no cost, the spreadsheets and forms that are integral to the successful turnaround of your individual business. If you are a small business owner and are struggling with cash shortfalls, employees who are unmotivated and have no idea what is expected of them, reports that are not actionable, or dozens of other issues common to other struggling business owners, "The Small Business Turn Around Guide" is for you. From the moment you read the first chapter and learn how to stop the bleeding and how to get control of your cash, you will know that there is real hope for your situation.*

Cat And Company Mar 30 2020 *Can Bedivere win Cat back? Bedivere is trapped in a snare of drugs and violence, deep in the bowels of the galaxy, while Catherine works with Devlin Woodward, who campaigns tirelessly for Varkan rights. Devlin's great deeds make him the most influential man in the known worlds. When human and Varkan life is shattered by the emergence of the Periglius from the Silent Sector and their ruthless annexation of human worlds, Devlin's Varkan allies may be the only people who can save the galaxy. Can Bedivere claw his way back to civilization and win Catherine back, despite the Periglius, Devlin's power and Bedivere's own flawed humanity? This book is part*

of the Interspace Origins science fiction romance series: 1.0: Faring Soul 2.0: Varkan Rise 3.0: Cat and Company 3.5: Interspace Origins (Series boxed set) A Science Fiction Romance Novel. ___ Praise for Cat and Company: A magnificent world with twist and turns and complex characters and if there isn't another SFR award in the future for this series I will be more than surprised, I will be sorely disappointed. I couldn't wait for this book to come out, simply because I was dying to know what happens next with Cat and Bevidere. I wasn't disappointed, Tracy really ended this series on a amazing note. WOW, this story blew me away, and I could not put it down until the very satisfying end. I love Bevidere and Cat and find them among the most interesting characters I have read. You'll love the roller coaster ride! What I truly like is the stories never go in the direction I would expect. These stories are in my "to be read time and again" file. If I could get it more than five stars this would be the series! This was such a fantastic series. Never had I read one that hit me so profoundly. A remarkable conclusion to this refreshing and captivating sci-fi series. For a couple of days I hadn't been able to put the book down - it draws you in, Mrs Posey has the knack to enthralled the reader with her confident passionate writing. This is a great trilogy and it has a beautiful ending with so much drama, suspense and intrigue and love the middle. It keep me through a couple of nights not wanting to put it down. It was worth it! This book never went the way I expected. There were numerous plot twists that made this an AMAZING story!! Bevidere and Catherine are wonderfully complex and flawed beings. I usually find it very easy to put a book down when I am reading it and to walk away from a book once I am done with it. Not so much this time.

Global Voice #20 Jul 02 2020 This 20th very special issue counts 112 pages, with a guest Editorial by John North, Director of the GRLI (Global Responsible Leadership Initiative), 19 articles from 37 faculty and practitioner contributors in two sections: Business, Society, Planet and Management & Leadership. GV20 also sees the return of our successful double-page feature cartoon with a wry comment on a business and society issue, and an end-of-year CoBS history timeline. This issue gathers perhaps the largest and most varied number of contributors ever featured in Global Voice magazine. In addition to the CoBS member schools covering 4 continents, we're delighted to highlight two very special guest institutions – Schulich School of Business, York University, Canada, and University of Stellenbosch Business School, South Africa. We also welcome CSR-spokespersons Prof. Andrew Crane of CBOS University of Bath and Dirk Matten, Schulich School of Business, Director of Strategy and author Emilie Pratico of BCG BrightHouse and a spotlight on the Globally Responsible Leadership Initiative by Director John North. And last but not least, we reach across to the other side of the planet and Australia, with the kind permission of Monash Business School, University of Monash to feature one of their thought leadership insights in this magazine. Covering current hot topics and lasting major issues – the climate crisis, women at work, leadership in the 21st century, the future of CSR, inclusivity and disability employment, social impact, philanthropy, conscious business, and mentorship among others – Global Voice magazine offers you the unique international and multicultural expertise of the Council on Business & Society faculty and guests. On behalf of the CoBS member schools – ESSEC Business School, FGV-EAESP, School of Management Fudan University, IE Business School, Keio Business School, Trinity Business School, College Dublin, and Warwick Business School – we warmly wish you, our readers, a very happy, safe and peaceful festive period and hope you enjoy this Christmas and New Year Global Voice magazine.

Real Hope Oct 29 2022 "Hope is not a strategy" is a cliché proclaimed time after time in business, economics, schools, and communities, but we want to argue with that. Hope is a strategy and, in some situations, the only strategy available and often relegated as the last strategy. Randy Dobbs has been the CEO of multiple billion-dollar companies. Dr. Richard K. Nongard has been a successful psychotherapist and leadership development expert. Both have given popular TEDx talks. Professionally, and personally, they have used hope as a winning strategy and claimed victory in situations where defeat seemed certain. Together they share how hope transformed their business, leadership, and families and give the recipes for success you can bring to your own life situations. This book is not a theory book. It is not a philosophical book. It is about the power of real hope to change lives in multiple settings. We have a hope for you, that in your business, in your leadership, and in your real-world, you will discover hope is a winning strategy. It has been for us. We wrote this book as an inspiration and we wrote this book as a practical guide. Take the ideas and live them each day, in your family, your business, your community and in the world. One thing needed the most across many tough fronts in the world today is more truly instilled hope. This can, and will be possible, if our religious leaders, government leaders, business leaders, families and individuals from all walks of life truly embrace the "Business of Hope!" As you will find within the pages of this book, hope is about right now and right now action. Enjoy your journey.

Hard Times Aug 23 2019 Considered Dickens' harshest indictment of mid-19th-century industrial practices and their dehumanizing effects, *Hard Times* offers a fascinating tapestry of Victorian life, filled with the richness of detail, brilliant characterization, and passionate social concern that typify the novelist's finest creations.
