Ethnographies of Conferences and Trade Fairs Apr 11 2021 This anthology is an attempt to make sense of conferences and trade fairs as phenomena in contemporary society. The authors describe how these large-scale professional gatherings have become key sites for making and negotiating both industries and individual professions. In fact, during the past few decades, conferences and trade fairs have become a significant global industry in their own right. The editors assert that large-scale professional gatherings are remarkable events that require deeper analysis and scholarly attention.

RCA Air-cooled Transmitting Tubes Aug 15 2021 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Perpetual Trouble Shooter's Manual Jun 25 2022

Last of the Giants Dec 07 2020 'Last Of the Giants is the mad, funny, dark and often painful story of a lost band from a now-distant time' CLASSIC ROCK MAGAZINE INCLUDES BRAND NEW CHAPTER COVERING GUNS N' ROSES EPIC WORLD TOUR 'Any story about Guns is worth reading. But when the author is Mick Wall it's absolutely essential' KERRANG Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

PHP & MySQL: The Missing Manual Sep 28 2022 If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Prince2 Foundation Training Manual Jul 26 2022 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
